# Welcome to H&H Classic Parts

Thank you for requesting our 2019-2020 catalog! We've spent countless hours editing, refining, and creating the most customer friendly experience for you. Our customers are always at the forefront of everything we do, so if you have any suggestions please feel free to share your thoughts with us.

Thirty-two years ago our company, H&H, was born with a modest investment as a part-time hobby business. With hard work and dedication we've grown into an internationally recognized brand. We've established a reputation for superior customer service, fairness, and fast shipping. We will continue to take care of you, our customer, placing your needs above our own. Price is not always our first concern; quality products are more important to us. Our goal is to offer you a better product than our competition at the lowest price we can, and always with the fastest shipping in the nation.

As you may have heard, we started 2019 with a change in leadership. Our founder Herman JR stepped down and Herman III, better known as Tray, is now serving as the President and CEO of H&H. Change often brings new opportunities and challenges. H&H will always be devoted to our core business of restoration. However, we are looking to add several new product lines that will allow us to expand into more Restomods and Performance products. Stay tuned for lots of exciting news from H&H.

Again, we thank YOU; we would be nothing without our customers! Those of you that have bought from us in the past, present, and also to our future customers: if at any time we fail to meet your expectations with our service, product, or shipping, please contact us. As Herman would say, "We can't fix it, if we don't know about it."

We also encourage you to send us pictures of your projects and tag us on social media (Facebook and Instagram: @HHClassicParts). We enjoy featuring and highlighting your progress.

Happy shopping and restoring; we look forward to serving you!

Sincerely,

Herman D. "Tray" Smith III  
President CEO

Sincerely,

Herman D. Smith, Jr.  
Founder

# Policies and General Information

## Returns Information

All parts in this catalog are sold with a satisfaction guaranteed policy. **Please examine your order immediately. All shortages, incorrect items, and damages must be reported within 7 days!** If the package was damaged in shipment, save the merchandise and packaging and notify us immediately for instructions. To return an item to us, please contact us for instructions and a return authorization number. If H&H is responsible for the incorrect shipment we will reimburse the customer for their return shipping charges but under no circumstances will H&H pay for additional charges incurred by using packaging services, air shipping or accept COD shipments. For your protection, send the package by UPS or insured Parcel Post, saving the receipt until you hear from us. All Returns are subject to a 20% restocking fee. Special order items are non returnable except for warranty issues. No Returns on any items after 90 days. Any item sent back to H&H that has been opened or packaging defaced in any way will be subject to a repackaging fee. H&H reserves the right to refuse a returned item based upon its condition.

## Pricing, Terms, Conditions

H&H Classic Parts reserves the right to change all prices, terms, specifications, and other information without notice. Please call or write us if you have any questions or if you feel there is a discrepancy.

## Guarantee or Warranty

All of your parts are guaranteed for 90 days to be free of defects in materials and workmanship, unless noted within the catalog. Of course, the guarantee does not apply in the advent of any misuse, neglect, or improper installation or modification.

## Payment

We accept Visa, Mastercard, Discover, American Express, PayPal (Paypal on website orders only). There is a minimum purchase of \$10.00 on all credit card sales. Please provide the card number, expiration date, cardholder's name, and on mail orders the cardholder's signature. We also accept money orders and certified checks that are drawn on a US bank and/or financial institution. Sorry, no COD's or personal checks.

## Damage or Shipping Claims

Make certain you inspect all packages in the presence of the driver/carrier. If you receive a package that has been damaged or opened, make a claim with the driver/carrier at that time. All claims of loss, concealed damage or other destruction must be made by you with the carrier. Save all boxes and packing materials as the carrier may want to inspect it. We apologize for any inconvenience that this may cause, but this is the policy of UPS and FedEx. Any shortages not the fault of the carrier must be reported within 7 days of receiving order. No exceptions allowed.

## Back Orders

Listings in the catalog do not imply availability. It is rare that we are out of an item, however it will happen from time to time. In the event of a back order, we will cancel that item and you will need to reorder at a later date.

## Product Changes

H&H Classic Parts reserves the right to make changes and improvements in our products without incurring any liability to include these in any products previously manufactured or sold.

## Core Charges or Deposits

The purpose of core charge or deposit is to insure the return of rebuildable parts. Your deposit will be promptly refunded when we receive your complete, rebuildable core. A copy of your original purchase invoice must accompany your core. No refund will be issued for damaged, broken, disassembled, or incomplete cores. No exceptions will be allowed. Your cooperation and understanding is appreciated

## Sales Tax

Arkansas residents must include state sales tax. If you are an automotive parts business and/or you have a tax number, please include a copy of your permit with your order. To calculate sales tax you will have to contact us.

## Notice

This catalog, its wording and/or pictures are property and copyrights of H&H Classic Parts and are forbidden to be used by anyone under the penalty of law!!!

## Policies and General Information-continued

### PHONE

**479-787-5575**

Monday through Friday 8:00-5:00 (CST)

Saturday by Appointment

### FAX

**479-787-6118**

When ordering via fax, please include a phone number where you can be reached during the day.

### INTERNET

VISIT OUR WEBSITE AT:

**www.hhclassic.com**

**FOR SECURE ONLINE ORDERING**

E-MAIL US AT:

**info@hhclassic.com**

Do you have an order that you want brought to one of the events? Well, go ahead and call it in the week before the show! We will have it pulled, invoiced, and waiting for you to pick up when you get there! To have parts brought to the show please call your order in by the Friday before the event. Cruisin' the Coast and the GoodGuy's PPG National show orders must be called in THREE WEEKS BEFORE those shows.

The truck is gone for multiple weeks during those events.

### MAIL

**H&H Classic Parts**

**12325 West Highway 72**

**Bentonville, AR 72712**

Please include name, shipping address, phone number, and a detailed list of the parts being ordered. Please include a method of payment such as credit card, money order, or cashiers check (sorry, no COD's or personal checks). If you have any questions, please call 479-787-5575 and we will be happy to assist you in any way.

## US Ground Shipping Charges

Shipping charges are based upon how much you order and the size of the boxes or tubes that it will take to ship them. Our shipping charges are as follows:

| FROM      | TO             | FEE     |
|-----------|----------------|---------|
| \$0.01    | \$25.00        | \$8.95  |
| \$25.01   | \$50.00        | \$10.95 |
| \$50.01   | \$100.00       | \$14.95 |
| \$100.01  | \$200.00       | \$21.95 |
| \$200.01  | \$300.00       | \$26.95 |
| \$300.01  | \$400.00       | \$34.95 |
| \$400.01  | \$500.00       | \$42.95 |
| \$500.01  | \$600.00       | \$51.95 |
| \$600.01  | \$700.00       | \$59.95 |
| \$700.01  | \$800.00       | \$67.95 |
| \$800.01  | \$900.00       | \$75.95 |
| \$900.01  | \$1000.00      | \$83.95 |
| \$1000.01 | over \$1000.01 | \$94.95 |

Due to size and / or weight, some parts will fall into the "Oversized" shipping classification resulting in an **additional fee on top of the normal shipping rate**. Please make sure you check on our website or in our catalog to see if your parts fall into this classification to correctly estimate your shipping charges. Any item that is a "Truck Freight" classification will have to be shipped by UPS Freight. For Truck Freight items, please contact our sales department for shipping costs. **If you have any questions regarding our shipping policy, please call us at 479-787-5575 BEFORE ordering.**

| CLASSIFICATION | SYMBOL | FEE            |
|----------------|--------|----------------|
| Oversized 1    | ①      | \$8.00         |
| Oversized 2    | ②      | \$16.00        |
| Oversized 3    | ③      | \$80.00        |
| Truck Freight  | 🚚      | Call for quote |

## Air Shipping Charges

All air shipments are sent by UPS. Charges are based upon the size and weight of the box. We will have to call you back with a freight total.

## Shipping Charges to Hawaii and Alaska

All orders shipped to Hawaii, Alaska, US territories and possessions must be prepaid with a credit card and will be shipped by the best means possible.

## Shipping to Foreign Countries

All orders shipped to foreign countries must be prepaid with a credit card and will be shipped by the best means possible. Orders to foreign countries may incur customs and duty charges, customs broker and any other fees related to the importation of merchandise. All such charges are the responsibility of the recipient.

**Allow 2-3 Weeks for delivery on all AC systems.**

### GEN-IV SURE-FIT SYSTEMS

The Generator-IV is Vintage Air's most powerful and intelligent climate control system. Generator-IV systems utilize Vintage Air's exclusive fully electronic microprocessor control servomotor drives to eliminate cables or vacuum connections. Separate high capacity copper parallel-flow heat coil and aluminum plate and fin cooling coils provide outstanding performance and instant temperature adjustments. The new 1959-60 Chevy Full-Size SureFit system includes Vintage Air's exclusive Electronic Cable Converters which adapt to your factory 4-lever Deluxe controls for electronic operation. The 2-lever kits includes a 3-knob under-dash control pod for electronic operation. Additional features include variable blower speed and dash/floor/defrost blend. SureFit Systems are engineered specifically for each vehicle application and require minimal alteration to the vehicle for installation. You can also upgrade each unit to a polished compressor (part #3645) and chrome drier (part# 3646).

**NOTES:**

Some installations may require additional engine pulleys not included with kits. You must provide pulleys, v-belts, heater hose, and refrigerant. Vintage Air recommends using their heavy duty fan blade and a fan shroud.

The 1959-60 4-lever kits include the Vintage Air exclusive Electronic Cable Converters which adapt to your factory 4-lever Deluxe controls for electronic operation.

## VINTAGE AIR CONDENSER ASSEMBLIES

Representative image. Actual product may vary in appearance.

This SuperFlow condenser design was pioneered by Vintage Air to provide leading-edge technology and superior performance with today's 134a refrigerants. The importance of this unique new micro tube design and its improved refrigerant flow cannot be overemphasized. By providing increased refrigerant contact with the micro tube walls and multiple passes per circuit for low restriction pathway, SuperFlow condensers provide up to 40% more capacity than comparably sized old-style tube-and-fin condensers. WILL NOT WORK WITH ORIGINAL AC SYSTEM.

## HOSE KITS

3679

3680

All Vintage Air line kits use barrier type refrigerant line for use with HFC-134a refrigerant. Includes adequate hose length to connect complete system, all O-ring fittings and crimp ferrules. 134A systems include fittings with service ports. Set includes: 10ft of #6 line, 6ft of #8 line, 9ft of 10# lines, and standard drier. Drier not included on Part #3680.

| Part # | Model           | Part  | Price      |

## What kind of water pump do I have?

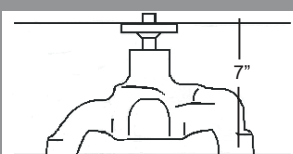

### SMALL BLOCK WITH SHORT WATER PUMP

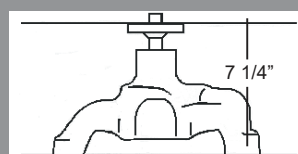

### BIG BLOCK WITH SHORT WATER PUMP

### SMALL BLOCK WITH LONG WATER PUMP

### BIG BLOCK WITH LONG WATER PUMP

Chevrolet used many different water pumps throughout their history. Please take the time and make sure that you identify which water pump you have so that you will be able to order the correct AC system or correct brackets and pulleys.

# Air Conditioning

## BRACKETS FOR SMALL BLOCK

Front View

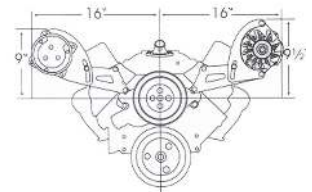

A very versatile bracket system. Works with most induction systems. Will clear multiple carbs and most fuel injection. The alternator bracket will fit all 1969 and newer heads except Vortec. The AC bracket Fits all GM aluminum heads and may be used on 1969-1986 cast iron heads by drilling and tapping one hole for the upper mounting point. Will clear up to 3" tall center bolt valve covers when used on 1987 and later heads. Will clear up to 3 3/4" tall valve covers when used on 1986 and earlier heads.

| Part #                                   | Model                       | Price      |

## BRACKETS FOR SMALL BLOCK

Front View

Designed for cars with low hood clearance: Vettes, Camaros, etc. These brackets also work great on most vehicles with a wide engine compartment: trucks, 50's and 60's cars, etc. These brackets bolt to the head and top water pump bolt holes. The AC compressor bracket Fits all GM aluminum heads and may be used on 1969 through 1986 cast iron heads by drilling and tapping one hole for the upper mounting point.

| Part #                                   | Model                       | Price      |

## FRONT RUNNER ENGINE DRIVE SYSTEMS

- Exclusive front runner spring tensioner provides continuous SAE-SPEC static and dynamic belt tensioning for OEM quality belt life
- Exclusive block-mounted design allows any deck height/cylinder head combination. Uses no head or intake mounting bolts like conventional brackets.
- Super rigid truss-architecture design CNC machined from 6061-T billet aluminum. Available in machined or gray anodized finish.
- Engineered to clear most GM and aftermarket tuned port fuel injection systems.
- Exclusive fixed-position component mounting creates a super compact package within the basic engine size envelope. Fits into extremely tight chassis configurations.
- Uses exclusive new Vintage Air Tite-Fit Line/Compact Compressor Package.
- Exclusive precision machined hard-coated aluminum pulleys reduce weight and wear like steel.
- Pulley sized engineered and matched for optimum component speeds.
- Uses compact GM Type II power steering pump and modified GM 140 amp alternator.

Small Block Version

LS Version

### FRONT RUNNER BRITE KITS

Includes machined bracket, chrome pulleys, polished compressor with hardlines, polished 140-amp alternator, polished compressor and tensioner covers, extended heater hose nipple, hardware, and belt.

# Dash Parts

1959-'60 Classic instrument cluster is designed to fit your stock gauge pods. The set includes a 4 5/8" SpeedTachular (with built-in ECM filter signal switch) and quad gauge with temp, volt, oil pressure, and fuel gauge programmed to read the stock 0-90 OHM fuel sender. The package is ready to bolt into your dash, complete with instrument wiring harness and all necessary sending units.

## CLASSIC INSTRUMENTS GAUGES

This package will include a speedometer, optional tachometer, fuel (0-30 ohms), volts, oil, and temp gauges. It includes all necessary hardware to mount your gauges in your dash: standard Classic Instruments 5-inch mounting brackets, four 2-inch brackets, three machine screws, a polished aluminum adapter ring and all sending units. To put the finishing touch on this package, two green turn signals and a red high beam indicator have been mounted into the speedometer dial face. This package is available in five different dial face styles!

### SKYDRIVE

Calibrate your speedometer in less than a minute and you don't even have to leave your driveway! Sky Drive is the world's most accurate electronic speedometer sending unit. No need for ECU convertors or pulse signal generators screwed onto your transmission. The new Sky Drive uses GPS Satellite signals to operate your electronic speedometer. It updates 10 times per second and with one push of a button it's ready to go.

## Dakota Digital

Since 1986, Dakota Digital has proudly designed, built and supported digital instrumentation from their Sioux Falls, South Dakota facility. Starting with the spark of an idea, plans are made; from the overall look to the internal circuitry and software. w/ plans in hand, housings, substructures and other hard parts are carved out of billet aluminum and lightweight HDPE in their fully equipped machine shop. A CNC router, several lathes and multiple CNC mills handle the dirty work. The housings are then carted across the 40,000sqft facility to the production floor, where intricate circuit boards are being populated on state of the art machines. Subassemblies featuring countless laser-cut bits are fitted to their respective housings, software is loaded, and the conglomeration of pieces is starting to look like a car part!

### DAKOTA VHX SERIES GAUGES

Fully lit needles, backlit faces, and highly visible LCD message centers are a few of the things that you can see which set the VHX Series apart from yesterday's traditional approach to instrumentation. A few of the features which you don't normally see are the micro-controlled precision stepper motors, solid state sensors for unparalleled accuracy, and user-customizable display feedback, all supported by an unrivaled limited lifetime warranty which has become the standard for Dakota Digital instrumentation systems. Completely engineered and manufactured at our facility in Sioux Falls, South Dakota, the VHX Series has completely revolutionized the instrumentation industry!

## EFI GAS TANKS

16546

16546

16533

16555

1958-70 Chevy Passenger Car EFI Fuel Tanks. Will fit Hardtop, Sedans, and Convertibles. Fuel Injection ready, some units include 2 piece neck design for easier shipping. Utilizes tanks brand GPA series fuel pumps. Uses aftermarket 5 bolt senders. Internal baffling with extra large 4.8 liter dual tube fuel tray to prevent fuel pump starvations. Perfect for Pro-touring, Autocross, or Road racing applications. Looks like OE tank when installed. Coated galvanized steel then powder coated silver. 1" deeper than stock, longer straps included with tank.,

**QUALITY... PLAIN & SIMPLE®**

American Quality... Plain & Simple

For over two decades Lokar has manufactured products of the highest quality, exceeding industry standards, raising the bar for quality products and leading the way for a better automotive aftermarket. We dedicate ourselves to providing all customers with original and innovative products. This dedication has translated into an unwavering reputation that we are proud of and which customers remind us of every day. When one builds a company on Honesty, Integrity and Class, everything else falls into place. Lokar is a name built by our customers.

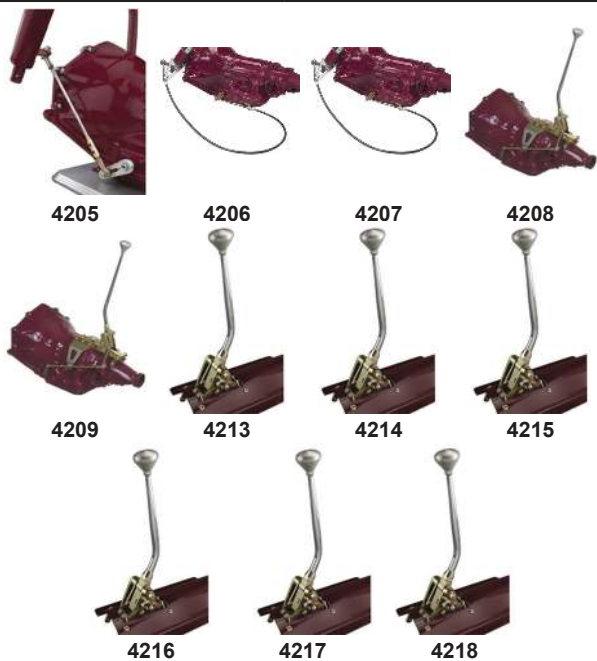

It is Lokar's steadfast belief of "Made in the USA", that sets us apart from others. It would be easy to stray from that belief given the state of the economy and the ever increasing foreign influences, but American Made is the foundation of this company and we continue to stand by it.

While striving to provide you with superior products, we also look to the demand in the market place and work to provide you with the most useful and needed products possible. We are not here to simply fill a catalog with parts; we are here to provide you with things that you can use. This year we are excited and proud to introduce a new series of products within our Midnight Series; the Black Stainless Steel Housing Line some of which includes transmission and engine dipsticks, throttle cables, kickdowns and matching mounting brackets. This black stainless steel housing has everyone excited and provides a new option for your vehicle. Please check out these products listed throughout the catalog. We are confident that you will find something that you need, or just can't live without.

As always, thank you to all of our customers, past, present and future, for contributing to the success we have experienced over the many years since our inception. We always appreciate your business, support and patronization. Lokar promises to continue serving you with Quality... Plain & Simple.

## LS ENGINE INSTALL KIT

CPP provides everything you need to install a modern, dependable, light-weight, low maintenance, high powered V8. Works with all Vortec and most LS engines. May not work with LSX heads, and dry sump oil systems. Kit includes engine side mount adapters, transmission crossmember, transmission pad, ceramic coated headers, Fit Rite Engine Mount adapters and all the mounting hardware. Note: will not work for LS7 Engines.

## 500 POWER STEERING BOX & HOSES

Our 500 power steering box is unlike your average 605 box. Instead of using old parts from a 58-64 steering box and using the remainder of the lower housing from a manual steering box, we have cast a new Pitman shaft with the correct number of teeth already in the right position and a new lower housing with the bracket made into the housing. Once you see your 500 box, you will decide that this is the best box on the market today.

| Part # | Year  | Model | Part  | Price     |

| 12723 | 67-70 | All        | Power Steering Return Hose                     | 39.95 Ea.  |

## POWER STEERING CONVERSION KIT

Each of our 500 power steering kits comes with the 500 gear itself, power steering pump with dual groove pulley, hose kit, and pump bracket. It does not come with a steering column. For steering columns, you will have to convert your original, buy an Ildit tilt column, or convert some other column to work. For automatic column shifts or floor shifts.

| Part# | Year  | Model          | Part   | Price      |
|-------|-------|----------------|--|------------|
| 12457 | 58-64 | Small Block V8 | 500 Ps Conversion Kit  | 593.95 Kit |
| 12458 | 58-64 | Big Block V8   | 500 Ps Conversion Kit (Will not work on 348 & 409, when using on 1959 to 1963 you must purchase a #16124 (pg. 79) radiator to work w/ this or notch your radiator to work around the steering box. The 500 box is bigger than the standard box and must have a modified radiator to work.) | 593.95 Kit |

## RADIATORS

### HOW TO MEASURE A RADIATOR

Measure only the core in order to determine the size of the radiator. Always measure the height with the tubes (direction of the coolant flow). To determine width, measure the core only. Do not include the side channels or mounting brackets. To measure core thickness, use a small diameter wire and insert it through the core until the end is flush with the other side. Hold the wire flush to the core with your thumb and forefinger, remove wire, and measure it. The length of the wire from your thumb and forefinger to the end will equal the thickness.

| Part #  | Year  | Model                | Part  | Price      |
|---|-------|----------------------|---|------------|
| When ordering radiators, please make sure to verify what motor, transmission, and core size that your car came from the factory with. |       |                      |   |            |

Custom Autosound Mfg., Inc. established in 1977, started manufacturing AM/FM cassettes in 1981. We now have eight models available! They are shipped 'bare' from overseas to Fullerton CA, where our technicians 'kit' (modify) them for over 400 different makes and models of classic cars and trucks

**WARNING:** All radios listed in this catalog cannot be used with original speakers. You must update with some form of late model speaker.

## SPEAKERS

**NOTE:** Some speakers come without brackets, must modify original bracket to use with dual speakers.

## BLUE TOOTH KITS

Wireless interface for Custom Autosound CD controller radios (USA-630, Secretaudio (SST & SRMS), USA-66). This adapter plugs into the CD changer port of your Custom Autosound radio and gives you the ability to do hands free calling from your bluetooth capable phone.

Also listen to music stored on your A2DP enabled bluetooth device. If you have a CD changer or CD1 single player you can still use it with the adapter plugged in

(there is a CD changer port on the control box of the Bluekit).

Main control box has a 1.5' cord that goes to radio CD port, 6.5' cord to answer button and 3.5' cord from answer button to microphone.

**WARNING:** All radios listed in this catalog cannot be used with original speakers. You must update with some form of late model speaker.

## SECRET AUDIO SYSTEM

3914

Hideaway 200 Watt AM/FM CD controller with USB MP3/WMA Flash Drive, iPod interface and more. Featuring "RF" (radio frequency) remote control. Ideal for Streetrods, Classics, Customs or any Vehicle! Leave original radio intact! LCD display unit can be mounted almost anywhere and be controlled by wireless remote from up to 40 feet away. The tuner/ amplifier unit (black box) can be hidden out of site (under seat, dash or trunk). Comes with 10' cable from LCD panel to tuner/amp. Two mounting options included for the LCD control panel! (Flush mount bezel, or a swivel mount bracket!) We have even included the iPod docking cable (iPod not included).

## USA 630 RADIOS

This radio has large OEM style push-buttons that give a perfect look in a classic dash. Although it looks classic it has the latest modern features.

USB input on the back of the radio allows you to plug in a USB flash drive for playback of MP3/WMA song files. This jack is on an 14" extension which allows you to place it in the glove box or ash tray for easy access (no unsightly wires or plugs hanging out of the front of the radio). The new alpha numeric display (30% larger than previous models) shows the song/artist/album (id3) titles during playback of MP3/WMA files. w/ the built in CD controller you have complete control (no FM modulation) of CAM's 6 disc CD changer. This same CD controller also facilitates the optional iPod® interface that turns your iPod on/off and charge it while giving you control to advance songs or play list from the buttons on the radio. A great feature so you can keep the iPod hidden away in your glove box or console. The back of the radio also has auxiliary audio input for satellite radio or any portable player you may wish to use. Our kits modify each radio to fit specific vehicles right out of the box. No extra kits/bezels needed!

•AM-FM Stereo • 240 Watts • USB Port for Flash Memory MP3/WMA Playback • Direct 10 CD Changer Control • Alpha Numeric id3 Display for MP3/WMA files •Electronic Tuning and Volume Control • 4 way Fader • Left Right Balance • Digital Clock • 2 Channel RCA Auxiliary Input for Satellite / iPod etc. • 16 Pre-sets (12FM-4AM) • 4 Channel RCA Pre-outs • Separate Bass and Treble • USA/Euro Tuner • Power Antenna Lead

## USA 740 RADIOS

The USA-740 offers the same classic look that Custom Autosound has always been known for with today's latest features. Now, with built-in Bluetooth (microphone included), answer calls and get Bluetooth streaming music from your Bluetooth capable phone or Bluetooth compatible device. Classic style with today's sound and performance taking every road and curve with you in your vintage vehicle.

• AM-FM Stereo • 300-watt • Hi 4volt, 4channel RCA Pre-outs and a Subwoofer RCA pre-out for additional amplifiers. • USB input • Front mini jack auxiliary audio input • Rear RCA auxiliary audio input

Match the dominant color of your instrument cluster with user selectable multiple LCD color choices with LCD dimmer control. The AM/FM RDS tuner shows station, song and artist on the LCD display. For those of us committed to music collections on compact disc, the USA-740 fully controls our optional CD-1 CD player.

## FRONT COIL OVER CONVERSION KITS

4380

QA1 conical springs are designed so that the lower end sets on the coil-over shock and the upper end sets in the original spring bucket in the frame. This allows for the use of a longer and lighter spring for more stored energy, offering increased weight transfer. Greater durability is also achieved by locating the spring pressure in the frame and not on a single stud. The threaded aluminum body allows ride height adjustment and boasts an easy bolt-in installation. The system includes Promo Star coil-over shocks, specially designed conical springs and all mounting hardware.

## RIDE PRO AND AIR POD SUSPENSIONS

Control airride equipped vehicle height with this affordable air suspension leveling system. This is the original RidePro system developed in the nineties. It still works exceptionally well if you like simplicity and manual control. The system utilizes a high quality solenoid air valve system manual switches, analog gauges and dependable electric components to provide simple, & reliable control.

## RIDE TECH COIL OVER SUSPENSION KITS

This CoilOver System is specifically designed for the 1958-70 Chevy "B" Body cars and includes everything needed to provide a lowered stance with dramatically improved handling and ride quality. The system contains front upper and lower StrongArms, front & rear MuscleBars, front HQ Series CoilOvers, rear StrongArms with upper wishbone, rear coil springs and rear HQ Series shocks. The benefit of buying a complete suspension system is that it takes all of the guesswork out when purchasing a new suspension. RideTech has spent hours collecting data to find a perfect spring rate and components for your vehicle's performance and ride quality.

## STREETGRIP SUSPENSION SYSTEM

Install a StreetGRIP suspension system on your full size 1958-1970 GM B-body and you will be rewarded with improved ride quality, handling, and a lowered stance. The range includes, Biscayne, Bel Air, Impala & El Camino. The complete kit has been designed with dual rate coilsprings, heavy duty swaybars and self-lubricating bushings. To help get the front of the car as low as possible, we provide a set of dropped spindles. Arguably, the most important part of the kit is the adjustable monotube shock absorbers. Specially calibrated to work with early B-bodies, they provide a giant technological leap forward with respect to both ride quality and handling. The shocks also come with RideTech's exclusive million and one-mile warranty.

## TRANSMISSION TORQUE CONVERTER LOCKUP KIT

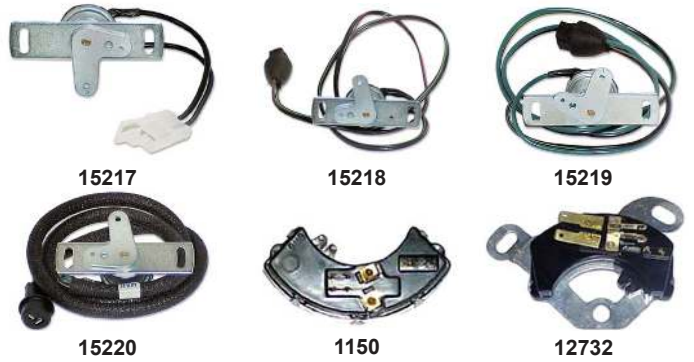

Our lockup kit allows you to install a 700R4 or 200R4 without any computer. This is a complete external kit. No brake switches or vacuum switches are needed. Our kit allows lockup only in fourth gear which eliminates most converter shudder. This kit works with all 700R4/200R4 with a square connector plug.

**NOTE: This kit will not work with 4L60E or 4L80E transmissions!**

| Part # | Year  | Model                  | Price     |
|--------|-------|------------------------|-----------|
| 3694   | 58-70 | All w/ 200R4 And 700R4 | 69.95 Kit |

| 16031  | 59-60 | 4-Dr Sedan | Stationary Quarter Window Seal | 149.95 Pair |

Repops has been a manufacturer of reproduction parts since 1991. Like many other companies in this industry it was started in a garage as a hobby and then grew from there. In the late 90's the company started the first line of "authentic" beltline kits, revolutionizing that product line. Since that time we have continued to be the leaders in beltline kits in both quality and quantity of types of kits offered. Also expanding into 12 other classes of parts such as heater seal kits and glovebox liners etc. Repops calling card has been their commitment to the end customers. Offering a rare Lifetime Warranty to the original purchaser of the product, plus the included customer service number for questions regarding purchased parts. All of this adds up to confidence for our dealers when selling a Repops part.

Looking for top quality dependable power windows for your Classic Cars, Classic Trucks, Muscle Cars, Street Rod or Hot Rods? Nu-Relics manufactures direct bolt in gear driven windows for classic cars. The power window conversion kits are truly make and model specific/ designed for the regulator to work like the original manual regulator with correct bolt patterns and arm lengths. Installation is easy – unbolt the manual regulator. Reverse the process and bolt in the power regulator in the exact same location.

Nu-Relics power window kits for classic cars and hot rods provide some great features such as:

- The kits are available with various switch options. Has chrome switches and Nu-Cranks that allows your original crank handle to operate as a power switch.
- Kits include: regulators, motors, completed wire harness, choice of switches, conduit to protect the wires going thru the door. Each product page includes pictures of all the parts included in the kits.
  - Works with curved glass
- Regulators are constructed of durable components (treated gear plates, 1018 cold rolled steel, Bronze Oilite® thrust bearings at pivot, etc.)
- Lifetime warranty against manufactures defects on the regulators, motors, and switches purchased from Nu-Relics Power Windows, LLC.

| 12207  | 64    | All   | Windshield Washer Hose Kit | 11.95 Kit |

Co-owners Michael Manning and Frank Colonna founded American Autowire in 1983. Back then, it was a two-man operation working from Michael's basement in Laurel Springs, NJ. Now, Michael and Frank are still at the helm along with Jim Cardona, but with over 70 employees and 38,000 square feet of space at the American Autowire manufacturing facility in Bellmawr, NJ. They have become the premier automotive electrical manufacturer for OEM/Restoration, Modified Restoration, and Street Rod/Custom vehicles, currently offering 6 different product lines of wiring harnesses, accessories, and parts that cater to all types of automotive projects.

American Autowire produces a huge selection of wiring harnesses, accessories, kits, and components that any true rodder or restorer can appreciate. We offer over 9,000 original restoration wiring harness, switches, battery cables, and spark plug wire set combinations in our Factory Fit® product line, complete modified restoration kits in our Classic Update Series, and provide integrated fuse panel and modular fuse panel street rod wiring through our Power Plus, Builder, and Highway series.

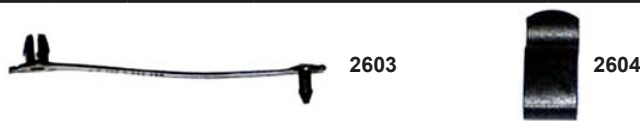

All of our wiring harnesses are manufactured exclusively by American Auto Wire!

If you do not have a wiring diagram and are purchasing wiring, we advise you to purchase a diagram. This will make replacing your wiring an easier task. Diagrams are listed on page 68 in this catalog.

## TACHOMETER HARNESSES

| Part # | Year  | Model              | Part               | Price     |

| 16302  | 64    | Convertible | Top Power Feed Harness    | 55.95 Ea   |

What makes the Classic Update Series harness kit better than the competition? The Classic Update Series design philosophy is to build complete “full function” systems and engineer them for easy access, easy installation, and connectivity with common update accessories, all while allowing for future expansion.

Each kit is a completely new design engineered around the specification and physical dimension of your car or truck, as well as the space constraint imposed by many aftermarket accessories vying for the limited space under the dash. These kits are not generic street rod products. Superior design has given the builder complete flexibility to use original stock switches and components as well as Custom Update accessories such as: Dakota Digital instruments, RainGear wiper systems, Vintage Air heat and AC systems, Ididit and Flaming River steering columns, and late model GM tilt steering columns.

The fuse box was chosen for its adaptability in mounting configurations and its ability to handle the increased current loads demanded by power accessories such as power windows, power seats, power door locks, cruise control, etc. It is a proven GM design that incorporates heavy duty circuit bussing. There is no circuit board in this high-power fuse box assembly, as the potential power demands are too high for a circuit board design. It is the attention to detail that removes the engineering exercise from the builder and makes installation much smoother.

**Warning: This wiring kit will not support an ammeter of any form. There are no instructions included on how to wire up an ammeter.**

### TECHNICAL SPECIFICATIONS AND FEATURES

- Fuse box incorporates 18 fused circuits and expansion capability for 11 additional power circuits. Fuse box measures 4" x 6" and is molded in resistant nylon 6/6. All necessary mounting hardware is included.
- Fuse link protection on fuse panel power feed.
- Circuit breaker capability on power circuit.
- High heat and abrasion resistant XLPE wire withstands -60°F to 275°F. GM wire color coding system.
- Wire circuit inkjet printed every 3 inches.
- Wire circuit take-off points predetermined to clear under dash accessories, allowing pretermination of most circuit branches and plug-in installation of most circuits.
- Standard turn flasher, four-way hazard flasher, and horn relay mounted on fuse panel.
- 8-gauge alternator power lead wire supplied with fuse panel.
- Alternator connector supplied for GM “SI” series internally regulated alternators and “one wire” alternators.
- Original boot and tube assemblies with original light socket connectors included for installation into existing or reproduction taillight housings. Even custom applications require these assemblies for weather protection.
- Terminals and connectors are provided for all dome light and door jamb switches cover two and four door models.
- Front lighting includes headlight connectors, headlight bucket grommets, connections front parking and directional lights.
- Complete wiring for updated GM steering column, turn signals and hazard switch.
- Mating connector and terminals supplied to adapt to original steering column. Ignition switch connectors supplied for GM columns with ignition switch in column.
- Engine wiring for points type and HEI distributors. Power and tachometer connectors supplied for GM HEI distributors.
- Gauge sender leads are provided for fuel, water temperature, oil pressure, voltmeter, and tachometer.
- Power wiring for electric engine fan, fuel pump, windows, door locks, seats, cruise control, and accessory radio included.
- Instrument cluster disconnect built into under dash harness for complete flexibility in gauge cluster section. All original terminals, connectors and light sockets are supplied for original cluster gauge wiring.
- Cluster disconnect also supports any custom gauge configuration.
- Late model GM headlight switch included.
- Floor mounted dimmer included.
- New ignition switch included.
- Fully detailed installation instructions and wiring.

## HIGHWAY SERIES UNIVERSAL WIRING HARNESS KIT

### HIGHWAY 15 FEATURES:

- Modular wiring system.
- 15 power circuits supported through 8 fuses and 1 circuit breaker.
- Panel protected with a 175-amp Mega-Fuse junction block with a 10-gauge panel feed wire.
- Nylon mechanically secured panel containing secondary push-back locks, has a 4-1/2" x 4-1/2" footprint, 3" in height, and mounted on a (G10) non-conductive epoxy base.
- All power buss bars are constructed of 6-gauge copper.
- All wires are constructed from heat resistant (-60°F to 275°F) GXL heavy-wall wire with laser printed circuit identification every 2 inches.
- GM color coded wires for ease of installation.
- All power circuit wires are 12-gauge constructed.
- New front-loaded vibration-proof self-locking (Hook's Law) screw-down terminal connection.
- Kit contains 2 relays (Horn, Turn Signal & 40-amp Electric Fan or Fuel Pump).
- Turn signal and hazard flasher circuits provided.
- 8-gauge alternator feed wire provided.
- The kit is set up for a GM "SI" internally regulated alternator or GM 1-wire.
- Alternator diode is also provided.
- Kit includes 3 (In-dash Ignition, Headlight & Alum. Knob and Floor Dimmer) switches.
- GM in-column ignition switch connectors provided, along with 3-7/8" GM steering column connectors with male and female terminals.
- Plugs directly in most 69-74 GM columns and most aftermarket steering columns, or use the terminals and connector provided to mate to any column.
- Limited spare circuits available.

### HIGHWAY 22 FEATURES:

- Modular wiring system.
- 22 power circuits supported through 15 fuses and 1 circuit breaker.
- Battery and accessory power tap studs provided for system expansion.
- Panel protected with a 175-amp Mega-Fuse junction block with a 10-gauge panel feed wire.
- Nylon mechanically secured panel containing secondary push-back locks, has a 7-1/2" x 4-1/2" footprint, 3-3/8" in height, and mounted on a (G10) non-conductive epoxy base.
- All power buss bars are constructed of 6-gauge copper.
- All wires are constructed from heat resistant (-60°F to 275°F) GXL heavy-wall wire with laser printed circuit identification every 2 inches.
- GM color coded wires for ease of installation.
- All power circuit wires are 12-gauge constructed.
- New front-loaded vibration-proof self-locking (Hook's Law) screw-down terminal connection.
- Dedicated battery and ignition circuits for electronic fuel injection (EFI).
- Kit contains 3 relays (Horn, Turn Signal & 40-amp Electric Fan or Fuel Pump).
- Turn signal and hazard flasher circuits provided.
- 8-gauge alternator feed wire provided.
- The kit is set up for a GM "SI" internally regulated alternator or GM 1-wire.
- Alternator diode is also provided.
- Kit includes 3 (In-dash Ignition, Headlight & Alum. Knob and Floor Dimmer) switches.
- GM in-column ignition switch connectors provided, along with 3-7/8" GM steering column connectors with male and female terminals.
- Plugs directly in most 69-74 GM columns and most aftermarket steering columns, or use the terminals and connector provided to mate to any column.
- Spare circuits available for power windows, locks, etc.

**Wiring for: Engine compartment:** (for both series) oil pressure, water temp, tach, starter, neutral safety, brake switch, ignition switch, distributor (GM HEI or Points), coil, main power and alternator. **Chassis wiring:** fuel pump, electric fan, headlights, running lights, brake lights, 3rd brake light, directional, license plate, radio, heat & AC, and wipers.

**Instructions:** Detailed cookbook-style color illustrated (CAD) installation instructions provided. Full color schematic of overall vehicle wiring along with individual harness sub-kit instructions for trouble-free installation.

# Insulation / Tilt Columns

## HEAT INSULATION

2248

2265

2266

The Insulator is a quality-made, moisture-resistant heat and sound barrier. It is a 4' x 6' 3/8" sheet of foil-backed insulation that has hundreds of uses in automobiles, boats, and RVs including:

- Heat insulation between firewall and headers or mainfolds
- Heat insulation between floorpan and carpet
- Sound deadener between floorpan and carpet
- Sound deadener in the headliner
- Sound deadener in the doors
- Sound deadener in the trunk

Don't forget about the spray adhesive and seam tape. These two products will help you complete the installation of the Insulpad insulation sheet.

| Part # | Year  | Model | Part               | Price          |
|--------|-------|-------|--------------------|----------------|
| 2248   | 58-70 | All   | Insulator Pad      | 29.95 Per Roll |
| 2265   | 58-70 | All   | Sticky-Stuff Spray | 10.95 Per Can  |
| 2266   | 58-70 | All   | Seam Tape          | 6.95 Per Roll  |

## HUSHMAT SOUND INSULATION

### Restoring a MuscleCar? Building a Street Rod? Installing a Sound System in your vehicle?

HushMat vibration damping, thermal insulation, sound absorption and tape materials create a quiet, cool & comfortable ride. HushMat is manufactured right here in the USA.

For installing an option that never was, Ididit designed the perfect replacement for original 1955-1957 columns, but with the added comfort of five-way tilt adjustment. Each column comes in four finishes: paintable steel, chrome, and polished or brushed aluminum. Each column can be adapted to work with the original steering wheel using the #3575 adapter kit or any GM steering wheel made after 1969, as well as many aftermarket wheels with the use of an adapter. Each column comes with an Ididit aluminum dress-up kit, wiring adapter harness for four-way flashers, rag joint coupler, and Ididit's exclusive Tri-five mount.

We offer each column in either non-column shift for all floor shift cars as well as in column shift for automatics. Each column is the correct length for 500 boxes. If you have chosen to use a rack on your car, let us know and we can special order a tilt column for your specific application. Note: All of our column kits include rag joints and floor mounts, but these can be bought separately below.

**IDIDIT DOESN'T BUILD ANY COLUMNS FOR 3-SPEED ON THE COLUMN.**

ACC was born in 1977, and we've been on an epic journey ever since. From our beginnings as an Auto Trim Business to becoming the world's largest manufacturer of Automotive Flooring products, we've tried to stay true to our core principles. Deliver exceptional products made in the USA. Strive every day to be better than the day before. Do it faster than anyone. We are very grateful to the millions of customers who trust us each year and for joining us on this awesome ride. We hope that you'll continue to be a part of our story.

### Why ACC?

Automotive Flooring is what we do. It's all we do. It's not a side business. It's not one of numerous other product lines that could divide our attention. It's all we focus on every day. We know you and your vehicle deserve that. Our dedicated team is our biggest asset. These long time employees insure the products we produce every day are of the highest quality and made with the best craftsmanship. From our engineers, to the materials and equipment we use, to our dedicated staff, we are relentless in our pursuit to manufacture a product that we all are proud of.

## CARPET

Complete cut and sewn set of 80/20 nylon loop on 1958 and 1963-1970. 1959-1962 is the salt and pepper nylon loop. Both styles come with correct binding and heel pad. Includes jute underlay and new dimmer switch grommet.

### 1958 CONVERTIBLE 80/20 WEAWE

These Products Are Not ACC Brand Carpet.  
They Are Manufactured By Trim Parts.

## 1959 DOOR PANELS

Correct side panel sets with original brushed vinyl insert design. Side panels come ready to install with welded door nail fasteners, colored kick panels, windlace set, and material to recover armrests. Hardtop and Convertible models will have pre-sewn covers for the armrests. Before these can be built we will need the top rails out of your door panels. They need to be cleaned and painted ready to install.

Correct side panels sets with original-type patterned vinyl and cloth materials. The door and rear panels come ready to install with welded door nail fasteners, colored kick panels, windlace, and material to recover armrests. Hardtop and Convertible models will have presewn covers for the armrests. Before these can be built we will need the top rails out of your door panels. They need to be cleaned and painted ready to install.

## 1967 DOOR PANELS

Ready to install with your rails! Front and rear trim panels are assembled on new boards featuring correct grained vinyl and cloth materials. Set includes material to recover armrests, windlace, colored kick panels. Hardtop and Convertible models will have pre-sewn covers for the armrests. Two door Hardtop and Convertible Models also come installed on new top rails. Four door Hardtop, Sedans, and Wagons these can be built when we have your top rails out of your door panels. They need to be cleaned and painted ready to install.
