

# 55-87 CHEVY/GMC TRUCKS 69-87 BLAZER/55-87 SUBURBAN

2021-2022

# ABOUT THE RIDE

Rex & Jan Daniels are the owners of this beautiful 69 Chevy C10. Rex says it started out as a C20 11 years ago when it was gifted to him from the second owner. Not only has Rex cleaned it all up on the exterior and the interior and threw some torque thrust D wheels on it, he also dropped a turbo 350 with a Melling Cam under the hood. Rex's son actually did the body work and paint as well. Very nice job Rex, and thanks for your business!

# Welcome to H&H Classic Parts

Thank you for requesting our 2019-2020 catalog! We've spent countless hours editing, refining, and creating the most customer friendly experience for you. Our customers are always at the forefront of everything we do, so if you have any suggestions please feel free to share your thoughts with us.

Thirty-two years ago our company, H&H, was born with a modest investment as a part-time hobby business. With hard work and dedication we've grown into an internationally recognized brand. We've established a reputation for superior customer service, fairness, and fast shipping. We will continue to take care of you, our customer, placing your needs above our own. Price is not always our first concern; quality products are more important to us. Our goal is to offer you a better product than our competition at the lowest price we can, and always with the fastest shipping in the nation.

As you may have heard, we started 2019 with a change in leadership. Our founder Herman JR stepped down and Herman III, better known as Tray, is now serving as the President and CEO of H&H. Change often brings new opportunities and challenges. H&H will always be devoted to our core business of restoration. However, we are looking to add several new product lines that will allow us to expand into more Restomods and Performance products. Stay tuned for lots of exciting news from H&H.

Again, we thank YOU; we would be nothing without our customers! Those of you that have bought from us in the past, present, and also to our future customers: if at any time we fail to meet your expectations with our service, product, or shipping, please contact us. As Herman would say, "We can't fix it, if we don't know about it."

We also encourage you to send us pictures of your projects and tag us on social media (Facebook and Instagram: @HHClassicParts). We enjoy featuring and highlighting your progress.

Happy shopping and restoring; we look forward to serving you!

Sincerely,

A handwritten signature in black ink, appearing to read "Herman D. Smith III".

Herman D. "Tray" Smith III  
President CEO

Sincerely,

A handwritten signature in black ink, appearing to read "Herman D. Smith, Jr.".

Herman D. Smith, Jr.  
Founder

## **POLICIES AND GENERAL INFORMATION**

### **Returns Information**

All parts in this catalog are sold with a satisfaction guaranteed policy. **Please examine your order immediately. All shortages, incorrect items, and damages must be reported within 7 days!** If the package was damaged in shipment, save the merchandise and packaging and notify us immediately for instructions. To return an item to us, please contact us for instructions and a return authorization number. If H&H is responsible for the incorrect shipment we will reimburse the customer for their return shipping charges but under no circumstances will H&H pay for additional charges incurred by using packaging services, air shipping or accept COD shipments. For your protection, send the package by UPS or insured Parcel Post, saving the receipt until you hear from us. All Returns are subject to a 20% restocking fee. Special order items are non returnable except for warranty issues. No Returns on any items after 90 days. Any item sent back to H&H that has been opened or packaging defaced in any way will be subject to a repackaging fee. H&H reserves the right to refuse a returned item based upon its condition.

### **Pricing, Terms, Conditions**

H&H Classic Parts reserves the right to change all prices, terms, specifications, and other information without notice. Please call or write us if you have any questions or if you feel there is a discrepancy.

### **Guarantee or Warranty**

All of your parts are guaranteed for 90 days to be free of defects in materials and workmanship, unless noted within the catalog. Of course, the guarantee does not apply in the advent of any misuse, neglect, or improper installation or modification.

### **Payment**

We accept Visa, Mastercard, Discover, American Express, PayPal (PayPal on website orders only). There is a minimum purchase of \$10.00 on all credit card sales. Please provide the card number, expiration date, cardholder's name, and on mail orders the cardholder's signature. We also accept money orders and certified checks that are drawn on a US bank and/or financial institution. Sorry, no COD's or personal checks.

### **Damage or Shipping Claims**

Make certain you inspect all packages in the presence of the driver/carrier. If you receive a package that has been damaged or opened, make a claim with the driver/carrier at that time. All claims of loss, concealed damage or other destruction must be made by you with the carrier. Save all boxes and packing materials as the carrier may want to inspect it. We apologize for any inconvenience that this may cause, but this is the policy of UPS and FedEx. Any shortages not the fault of the carrier must be reported within 7 days of receiving order. No exceptions allowed.

### **Back Orders**

Listings in the catalog do not imply availability. It is rare that we are out of an item, however it will happen from time to time. In the event of a back order, we will cancel that item and you will need to reorder at a later date.

### **Product Changes**

H&H Classic Parts reserves the right to make changes and improvements in our products without incurring any liability to include these in any products previously manufactured or sold.

### **Core Charges or Deposits**

The purpose of core charge or deposit is to insure the return of rebuildable parts. Your deposit will be promptly refunded when we receive your complete, rebuildable core. A copy of your original purchase invoice must accompany your core. No refund will be issued for damaged, broken, disassembled, or incomplete cores. No exceptions will be allowed. Your cooperation and understanding is appreciated

### **Sales Tax**

Arkansas residents must include state sales tax. If you are an automotive parts business and/or you have a tax number, please include a copy of your permit with your order. To calculate sales tax you will have to contact us.

### **Notice**

This catalog, its wording and/or pictures are property and copyrights of H&H Classic Parts and are forbidden to be used by anyone under the penalty of law!!!

## POLICIES AND GENERAL INFORMATION

### **PHONE**

**479-787-5575**

Monday through Friday 8:00-5:00 (CST)

Saturday by Appointment

### **FAX**

**479-787-6118**

When ordering via fax, please include a phone number where you can be reached during the day.

### **INTERNET**

VISIT OUR WEBSITE AT:

**www.hhclassic.com**

**FOR SECURE ONLINE ORDERING**

**E-MAIL US AT:**

**info@hhclassic.com**

### **MAIL**

**H&H Classic Parts**

**12325 West Highway 72**

**Bentonville, AR 72712**

Please include name, shipping address, phone number, and a detailed list of the parts being ordered. Please include a method of payment such as credit card, money order, or cashiers check (sorry, no COD's or personal checks). If you have any questions, please call 479-787-5575 and we will be happy to assist you in any way.

Do you have an order that you want brought to one of the events? Well, go ahead and call it in the week before the show! We will have it pulled, invoiced, and waiting for you to pick up when you get there! To have parts brought to the show please call your order in by the Friday before the event. Cruisin' the Coast and the GoodGuy's PPG National show orders must be called in **THREE WEEKS BEFORE** those shows. The truck is gone for multiple weeks during those events.

### **US Ground Shipping Charges**

Shipping charges are based upon how much you order and the size of the boxes or tubes that it will take to ship them. Our shipping charges are as follows:

| FROM      | TO             | FEE     |
|-----------|----------------|---------|
| \$0.01    | \$25.00        | \$9.95  |
| \$25.01   | \$50.00        | \$10.95 |
| \$50.01   | \$100.00       | \$14.95 |
| \$100.01  | \$200.00       | \$21.95 |
| \$200.01  | \$300.00       | \$26.95 |
| \$300.01  | \$400.00       | \$34.95 |
| \$400.01  | \$500.00       | \$42.95 |
| \$500.01  | \$600.00       | \$51.95 |
| \$600.01  | \$700.00       | \$59.95 |
| \$700.01  | \$800.00       | \$67.95 |
| \$800.01  | \$900.00       | \$75.95 |
| \$900.01  | \$1000.00      | \$83.95 |
| \$1000.01 | over \$1000.01 | \$94.95 |

Due to size and / or weight, some parts will fall into the "Oversized" shipping classification resulting in an **additional fee on top of the normal shipping rate**. Please make sure you check on our website or in our catalog to see if your parts fall into this classification to correctly estimate your shipping charges. Any item that is a "Truck Freight" classification will have to be shipped by UPS Freight. For Truck Freight items, please contact our sales department for shipping costs. **If you have any questions regarding our shipping policy, please call us at 479-787-5575 BEFORE ordering.**

| CLASSIFICATION | SYMBOL | FEE            |
|----------------|--------|----------------|
| Oversized 1    | ①      | \$8.00         |
| Oversized 2    | ②      | \$16.00        |
| Oversized 3    | ③      | \$80.00        |
| Truck Freight  | 🚚      | Call for quote |

### **Air Shipping Charges**

All air shipments are sent by UPS. Charges are based upon the size and weight of the box. We will have to call you back with a freight total.

### **Shipping Charges to Hawaii and Alaska**

All orders shipped to Hawaii, Alaska, US territories and possessions must be prepaid with a credit card and will be shipped by the best means possible.

### **Shipping to Foreign Countries**

All orders shipped to foreign countries must be prepaid with a credit card and will be shipped by the best means possible. Orders to foreign countries may incur customs and duty charges, customs broker and any other fees related to the importation of merchandise. All such charges are the responsibility of the recipient.

## AC/HEATER PARTS 1-6

Vintage Air Systems, Ac Vents, Duct Hose, Factory Heater Control Parts, Heater Cores, Heater Hoses

Garnish Screw Sets, Glass, Power Window Kits, Window Regulators, Window Frames, Handles

## WIRING & ELECTRICAL PARTS 99-104

Battery Boxes, Switches, Front Light Harness, Engine Harness, Under Dash Harness, Fuse Panels, Classic Update Wiring Kits

**WARNING:** When using a crate or salvage motor, make sure the compressor isn't a variable speed or output-type. These will not work with any Vintage Air system. These are most common on LS motors.

## SURE-FIT KITS (GEN-IV)

Vintage Air SureFit kits are the most complete, bolt-in climate control systems available for classic and late model muscle cars, restomods, and trucks. SureFit kits install easily and utilize most of the factory sheet metal and body features, and are engineered as "vehicle specific" complete systems. With the ever-increasing value of classic cars and trucks, particularly Corvettes, "pony cars," and muscle cars of the '60s, we have engineered these kits to be installed using as many of the factory-drilled holes and brackets as possible to maintain the vehicle's value. In some cases, very minor adjustments or an extra hole may be required. This is because all auto manufacturers made changes to their vehicle assembly designs during production runs. SureFit kits also offer the most complete and straightforward installations available anywhere. Our award-winning instruction booklets and carefully engineered system packages should make your SureFit installation job simple, fun and very cool! Our SureFit kits are designed to place the evaporator case and air duct hoses behind the dash for a factory-clean look. In most cases, the SureFit system will be controlled by your stock dash controls using our exclusive patented "Cable Converters." In some applications, a new "factory" look control panel is included with the kit. Some early truck kits must use additional switches. All SureFit systems provide full OEM-style operations including air conditioning, floor or vent exit heating and a powerful dehumidified defroster. To retain a true factory look, the A/C air exits through the factory dash louvers, if originally equipped in your car's dash.

**NOTES:** Some installations may require additional engine pulleys not included with kits. You must provide pulleys, v-belts, heater hose, and refrigerant. Vintage Air recommends using their heavy duty fan blade and a fan shroud.

### 55-57 GEN-IV VINTAGE AIR SYSTEM

1955-57 kits include replacement control panel, also available with deluxe control upgrade, part # 8199.

|       |                          |             |

Fully electronic with computer controlled coil temp monitor. Separate heat and cool coils with aluminum plate AC coil and brass parallel flow heater coil. In full AC, air bypasses heater core for increased air flow. Features a blend air door for instant temp adjustment. Infinite air blend for dash/floor and defrost/floor. Has positive shut-off solenoid operated heater control valve in full AC.

This SuperFlow condenser design was pioneered by Vintage Air to provide leading-edge technology and superior performance with today's 134a refrigerants. The importance of this unique new micro tube design and its improved refrigerant flow cannot be overemphasized. By providing increased refrigerant contact with the micro tube walls and multiple passes per circuit for low restriction pathway, SuperFlow condensers provide up to 40% more capacity than comparably sized old-style tube-and-fin condensers.

**WILL NOT WORK WITH ORIGINAL AC SYSTE**

## POWER STEERING GEAR BOXES

Our 400 and 500 Series Box for your Truck is truly the best of its kind. A direct replacement for the factory power steering box or an easy way to upgrade from manual steering to power steering. The 14 to 1 ratio adds a new dimension of handling to your car, smooth operation and excellent road feedback. Also, works with factory power steering pitman arm and 3/4-30 rag joint. Uses the popular 7/16 tube size (11/16-18 inverted flare) pressure and 3/8 tube size (5/8-18 inverted flare) return port fittings.

## 400 SERIES POWER STEERING GEAR BOX

## 500 SERIES POWER STEERING GEARS

Classic Performance 500 Series power steering boxes are the only boxes on the market today manufactured with one-piece housing and all-new parts and retaining the factory pitman arm. They have been factory-tested to ensure quality and reliability. The Classic Performance 500 Series power steering boxes feature a 14:1 ratio that provides superior directional control and road feedback, as well as a more stable feel to the driver. Their open-center, rotary-type valve provides smooth operation throughout the steering range. The integrated mounting cast-in bosses eliminate the need for external brackets and shims. Designed to fit original or aftermarket steering columns, Classic Performance 500 Series power steering boxes will provide your vehicle with the performance steering that you have been searching for.

## 5-LUG AXLE CONVERSIONS

If you've upgraded your truck's front end to late model 5-lug on 5" Chevrolet truck bolt direct disc brakes, now is the time to upgrade your rear end. With the availability of 5-lug trailing arm rear ends quickly becoming rare, we now offer 5-lug axles that will install into your 6-lug rear end. Our axles come pre-drilled w/ 5-lug on 5" Chevrolet truck bolt circle and fit 1963-70 rear ends. The axles accept 1971-72 truck drums and use the existing brake hardware. Available as a complete kit w/ axles, wheel studs and new brake drums. 1963-64 trucks require the use of spider gear set. (This kit will not work on 1960-62 rear ends.)

### STREETGRIP SUSPENSION SYSTEM

A StreetGRIP Suspension System will upgrade the ride and handling of your 1963-1972 Chevrolet C10 pickup while also improving the stance with a lowered ride height. RideTech has worked tirelessly to develop C10-specific dual rate coil springs and monotube shock absorbers. Thousands of test miles on the street as well as on our exclusive test track have resulted in components that are perfectly matched to the C10 platform. To get your truck low, the C10 StreetGRIP kit includes a Boxed, bolt-in C-Notch kit along with dropped spindles and a full length panhard bar with relocation bracket.

### RIDE TECH COIL OVER SUSPENSION KITS

This CoilOver System is specifically designed for the 1963-1970 Chevrolet & GMC C10 Truck and includes everything needed to provide a lowered stand and excellent ride quality and handling. The package contains front upper and lower control arms, 2.5" drop spindles, front and rear HQ Series CoilOvers, front sway bar, rear StrongArms with C-Notches, and adjustable panhard bar. The benefit of buying a complete suspension system is that it takes all of the guesswork out when purchasing a new suspension.

### How To MEASURE A Radiator

Measure only the core in order to determine the size of the radiator. Always measure the height with the tubes (direction of the coolant flow). To determine width, measure the core only. Do not include the side channels or mounting brackets. To measure core thickness, use a small diameter wire and insert it through the core until the end is flush with the other side. Hold the wire flush to the core with your thumb and forefinger, remove wire, and measure it. The length of the wire from your thumb and forefinger to the end will equal the thickness.

**When ordering radiators, please make sure to verify what motor, transmission, and core size that your car came from the factory with.**

At Cold Case, their goal is to produce the highest quality aluminum radiator, make every model be a direct fit, look original, all while maintaining a reasonable price point. Their extensive research and development team ensures that you are getting a drop in radiator with every purchase. They don't cut corners or cross over year ranges if the dimensions are close. If we list it, it's a direct fit with no modifications to be made. All Cold Case Radiators Feature:

- Lifetime Warranty
- Correct OEM Fitment
- 100% Expert TIG Welded
- 2 Oversized Cooling Rows
- (2x) 1" to 1 1/4" Tubes Per Row
- OEM Stamped Fully Polished Tanks

ALAN GROVE COMPONENTS INC. has specialized in fabricated specialty vehicle components for many years. Our mounting brackets are crafted from steel plate and represent our commitment to quality. All welding is T.I.G and all edges are smoothly finished. Our brackets are guaranteed to fit and include all the necessary bolts, nuts, spacers, hardware, belt-length recommendations and "easy to follow" illustrated instructions for simple installation. Dimension requirements for our brackets are provided within each bracket description on this web site. Please refer to these before ordering. Your satisfaction continues to be our goal.

#### What kind of water pump do I have?

SMALL BLOCK WITH SHORT WATER PUMP

SMALL BLOCK WITH LONG WATER PUMP

Chevrolet used many different water pumps throughout their history. Please take the time and make sure that you identify which water pump you have so that you will be able to order the correct AC system or correct brackets and pulleys.

#### What kind of water pump do I have?

BIG BLOCK WITH SHORT WATER PUMP

BIG BLOCK WITH LONG WATER PUMP

Chevrolet used many different water pumps throughout their history. Please take the time and make sure that you identify which water pump you have so that you will be able to order the correct AC system or correct brackets and pulleys.

|------|-----------------------------|-----------|
| 3620 | Compressor Mounting Bracket | 105.95 Ea |
| 3621 | Alternator Mounting Bracket | 105.95 Ea |

A very versatile bracket system. Works with most induction systems. Will clear multiple carbs and most fuel injection. The alternator bracket will fit all 1969 and newer heads except Vortec. The AC bracket Fits all GM aluminum heads and may be used on 1969-1986 cast iron heads by drilling and tapping one hole for the upper mounting point. Will clear up to 3" tall center bolt valve covers when used on 1987 and later heads. Will clear up to 3 3/4" tall valve covers when used on 1986 and earlier heads.

## FRONT RUNNER ENGINE DRIVE SYSTEMS

- Exclusive front runner spring tensioner provides continuous SAE-SPEC static and dynamic belt tensioning for OEM quality belt life
- Exclusive block-mounted design allows any deck HEI/cylinder head combination. Uses no head or intake mounting bolts like conventional brackets.
- Super rigid truss-architecture design CNC machined from 6061-T billet aluminum. Available

in machined or gray anodized finish.

- Engineered to clear most GM and aftermarket tuned port fuel injection systems.
- Exclusive fixed-position component mounting creates a super compact package within the basic engine size envelope. Fits into extremely tight chassis configurations.
- Uses exclusive new Vintage Air Tite-Fit Line/ Compact Compressor Package.
- Exclusive precision machined hard-coated aluminum pulleys reduce weight and wear like steel.
- Pulley sized engineered and matched for optimum component speeds.
- Uses compact GM Type II power steering pump and modified GM 140 amp alternator

## LS ENGINE INSTALL KIT

CPP provides everything you need to install a modern, dependable, light-weight, low maintenance, high powered V8. Works with all Vortec and most LS engines. May not work with LSX heads, and dry sump oil systems. Kits includes engine side mount adapters, transmission crossmember, transmission pad, ceramic coated headers, Fit Rite Engine Mount adapters and all the mounting hardware. Note: will not work for LS7 Engines.

8320 63-72 Except LS7 Economy 619.95 Ea

## CUSTOM TRANSMISSION CROSSMEMBERS

|                                                                           |       |                                  |      |          |

## OUTSIDE MIRRORS

|      |       |     |           |          |
|------|-------|-----|-----------|----------|
| 8814 | 73-87 | All | Chrome    | 44.95 Ea |
| 8815 | 73-87 | All | Stainless | 44.95 Ea |

## SPORT MIRROR KITS W/LED TURN SIGNAL

These mirrors have a 9 LED arrow hidden inside the mirror glass that can only be seen when the turn signal is on. Polished stainless steel mirror head and chrome plated arm. The kit comes with mounting pad, mounting bracket, and screws. Easily hooked up by routing the wire through the door jamb and connecting to the front turn signal wires under the dash.

|      |       |     |    |           |
|------|-------|-----|----|-----------|
| 8306 | 70-72 | All | LH | 59.95 Kit |
| 8307 | 70-72 | All | RH | 59.95 Kit |

This item has proven to be problematic in that it will not turn inward enough on some applications for proper viewing on right hand side.

|      |       |     |    |          |

### RAINGEAR WIPER MOTOR CONVERSIONS

The RainGear system will fit all 1955 to 1959 Chevrolet and GMC trucks with the following exception: Cross-mount master cylinders likely won't fit with our RainGear system installed. 58/59 Apache: We have had reports of slight modification needed on these trucks. Please call for information. The kit comes complete less assembly lube, arms and blades, escutcheons and model-specific knobs for the switch. All those stock pieces will fit on our system. Escutcheons are the exterior trim bezels which cover the pivot posts in the cowl. Please note that the RainGear unit cannot be controlled by any General Motors column-mounted wiper switches. You must use the included switch. This is due to the fact that GM switches control the wiper motor via the ground wire and our systems must be controlled by switching the positive wire.

6856 55-59 All w/Standard Switch 469.95 Kit  
6857 55-59 All w/Delay Switch 524.95 Kit

The RainGear wiper system for 1967-1972 Chevy C10 fits entirely inside the airbox, which is located beneath your cowl panel on the outside of your truck, below the windshield. The reason we designed the system to fit in this location, not under the dash where the original wiper motor hangs, is to free up all of the space under the dash for the computers for an LS swap. The kit replaces everything except your arms and blades, wiper switch bezel, and wiper switch knob because

you can use your originals.

NOTE: You will need to install a passenger side defroster duct on the driver side (duct not included). This is to create room for the new switch and wiring that comes with our kit.

If you are using an aftermarket cowl panel, you will want to mock this up first, before painting, just to make sure you have adequate clearances.

## GAS TANK KIT FOR EFI

1963-72 Chevy Truck EFI Fuel Tanks. Will fit Hardtop, Sedans, and Convertibles. Fuel Injection ready, some units include 2 piece neck design for easier shipping. Utilizes tanks brand GPA series fuel pumps. Uses aftermarket 5 bolt senders. Internal baffling with extra large 4.8 liter dual tube fuel tray to prevent fuel pump starvations. Perfect for Pro-touring, Autocross, or Road racing applications. Looks like OE tank when installed. Coated galvanized steel then powder coated silver. 1" deeper than stock, longer straps included with tank.

## TACHO FORCE GAUGE CONVERSIONS

Classic Instruments lends its style and quality to the 1955-1959 Chevrolet Task-Force Pickups, Suburbans and Panel Trucks. Classic's newest offering is a complete retrofit unit, incorporating a tachometer and LED Lighting, while retaining an original look. The Tach-Force™ features a dual layer design, 12-volt electronic movements, and push button calibration. The unit is available in black, white, tan, and gray. It comes fully assembled complete with a reproduction bezel and all the appropriate sending units.

## 64-66 CLASSIC INSTRUMENTS GAUGES

The 1964-66 Chevy truck direct-fit cluster features a speedometer, tachometer, fuel, oil, temperature, and volt gauges, and a 12V quartz clock. The all-electric cluster with easy snap-in wiring harness arrives ready to install directly into the stock dash; no cutting or alterations necessary. Everything needed to install the package is provided in the kit including a scratch-resistant acrylic lens and all necessary sending units. The cluster features a fuel sending unit selector switch to set it for compatibility with the existing/factory fuel sending unit, no new sending unit necessary.

## 73-87 CLASSIC INSTRUMENTS GAUGES

Also Works On 88-91 Blazer/Suburban/1-Ton

The 1973-87 Chevy/GMC direct-fit cluster features a speedometer and tachometer, and fuel, oil, temperature, and volt gauges. The all-electric cluster arrives ready to install directly into the stock dash of 73-87 trucks, Suburbans, and Blazers, with ease. Simply replace the factory connector with the new connector included in the kit. It is designed to re-use the factory dash bezel and gear indicator to maintain the nostalgic integrity of the vehicle, and features an injection-molded light blue housing for a factory appearance. Additionally, the turn signals are in the stock location and it is designed so light reaches the gear indicator. Everything needed to install the package is provided in the kit including a new lens and all necessary sending units. It features our ZST™ and works directly with ECM or VSS signals requiring no additional control boxes. The cluster is designed to reuse the stock fuel sending unit or any aftermarket fuel sender (purchased separately) with the built-in ohm range selector switch. Whether you want to freshen up your stock look, or call us for customizations to make it your very own, our 1973-87 Chevy/GMC direct-fit cluster offers the perfect seamless installation you desire.

## SKYDRIVE

Calibrate your speedometer in less than a minute and you don't even have to leave your driveway! Sky Drive is the world's most accurate electronic speedometer sending unit. No need for ECU converters or pulse signal generators screwed onto your transmission. The new Sky Drive uses GPS Satellite signals to operate your electronic speedometer. It updates 10 times per second and with one push of a button it's ready to go.

Since 1986, Dakota Digital has proudly designed, built and supported digital instrumentation from their Sioux Falls, South Dakota facility. Starting with the spark of an idea, plans are made; from the overall look to the internal circuitry and software. With plans in hand, housings, substructures and other hard parts are carved out of billet aluminum and lightweight HDPE in their fully equipped machine shop. A CNC router, several lathes and multiple CNC mills handle the dirty work. The housings are then carted across the 40,000sqft facility to the production floor, where intricate circuit boards are being populated on state of the art machines. Subassemblies featuring countless laser-cut bits are fitted to their respective housings, software is loaded, and the conglomeration of pieces is starting to look like a car part!

## DIGITAL GAUGES

Get a custom look with modern digital instruments! These are complete vacuum fluorescent digital conversions that include gauges for water temperature, oil pressure, volts, fuel level, odometer, tachometer and speedometer. Bezels not included.

## DAKOTA VHX GAUGES

Fully lit needles, backlit faces, and highly visible LCD message centers are a few of the things that you can see which set the VHX Series apart from yesterday's traditional approach to instrumentation. A few of the features which you don't normally see are the micro-controlled precision stepper motors, solid state sensors for unparalleled accuracy, and user-customizable display feedback, all supported by an unrivaled limited lifetime warranty which has become the standard for Dakota Digital instrumentation systems. Completely engineered and manufactured at our facility in Sioux Falls, South Dakota, the VHX Series has completely revolutionized the instrumentation industry!

## DAKOTA DIGITAL HDX SERIES GAUGES

Available with your choice of black or silver alloy gauge-face styling, each HDX system allows the user to select independent illumination colors for the gauge readings and needles, as well as the message centers. Calibration and personal settings are manipulated with the built-in, capacitive-touch buttons, or the available Bluetooth app for Apple and Android devices. Each needle hub is black nickel plated spun-aluminum to match the buttons. All HDX instrument systems feature dead-faced indicators (turn signals, high beam, check engine, cruise control, parking brake, plus two user-definable), and a red, settable warning light for each gauge. With our central control box, installation is greatly simplified with vehicle-harness sourced signals and supplied, solid state sending units connecting cleanly to their respective terminal.

## DAKOTA DIGITAL RTX SERIES GAUGES

The RTX series is the latest from Dakota Digital, focused on retaining that stock look without sacrificing the late-model features you love. Every effort has been put forth to incorporate OEM design elements regarding the layout, face styling and indicators. A casual glance may dismiss these as original equipment, but once you hit the switch and the LED backlighting comes on in your favorite color scheme, all doubts will be removed.

Starting from scratch, CNC machined housings are filled with electronics designed and built in-house, helping Dakota Digital once again raise the bar for aftermarket instrumentation. The high-definition TFT message centers can be fully configured to display just about any piece of information needed. As you've come to expect from Dakota Digital, the RTX series utilizes a central control box to make installation and setup as easy as possible.

## IDIDIT TILT COLUMNS

Tilt steering columns include all the levers and knobs. They are completely wired for self-cancelling turn signals, four-way flashers, and horn. A neutral safety switch is included w/ a column shift column. An indicator is not included. You will need to purchase a wiring adapter to plug into your original wiring harness. This steering column will attach to your steering gear box w/ a splined coupler. Your original shaft from the gear box will have to be cut and flattened (DD) for installation. You can add an aftermarket steering wheel w/ an adapter GM 69 or newer. The original mounting bracket will attach the steering column to the dash. The original floor mount will be used to secure the column to the floor.

If you are purchasing a column for 60-66 and using your original manual steering box, then you need to modify the steering shaft that you have. If you have updated your truck to late model power steering, then you will need to purchase power steering accessories. For those who are working on a 1967 truck, you could run into two different steering gear hook-ups. GM used some parts left over from 1966 on 1967 trucks, so you could have to purchase the 60-66 accessories to hook up your column.

**IDIDIT DOES NOT BUILD ANY COLUMNS FOR 3-SPEED ON THE COLUMN!**

## HEAT INSULATION

The Insulator is a quality-made, moisture-resistant heat and sound barrier. It is a 4' x 6' 3/8" sheet of foil-backed insulation that has hundreds of uses in automobiles, boats, and RVs including: Don't forget about the spray adhesive and seam tape. These two products will help you complete the installation of the Insulapad insulation sheet.

ACC was born in 1977, and we've been on an epic journey ever since. From our beginnings as an Auto Trim Business to becoming the world's largest manufacturer of Automotive Flooring products, we've tried to stay true to our core principles. Deliver exceptional products made in the USA. Strive every day to be better than the day before. Do it faster than anyone. We are very grateful to the millions of customers who trust us each year and for joining us on this awesome ride. We hope that you'll continue to be a part of our story.

## Why ACC?

Automotive Flooring is what we do. It's all we do. It's not a side business. It's not one of numerous other product lines that could divide our attention. It's all we focus on every day. We know you and your vehicle deserve that.

Our dedicated team is our biggest asset. These long time employees insure the products we produce every day are of the highest quality and made with the best craftsmanship. From our engineers, to the materials and equipment we use, to our dedicated staff, we are relentless in our pursuit to manufacture a product that we all are proud of.

Custom Autosound Mfg., Inc. established in 1977, started manufacturing AM/FM cassettes in 1981. We now have eight models available! They are shipped 'bare' from overseas to Fullerton CA, where our technicians 'kit' (modify) them for over 400 different makes and models of classic cars and trucks

**WARNING: All radios listed in this catalog cannot be used with original speakers. You must update with some form of late model speaker.**

## SINGLE CD PLAYERS

All control is from the buttons on your USA-630, Slidebar or Secretaudio radio

- Plays CD/CD-R/CD-RW/DVD audio/WMA/MP3
- Small enough to hide under the seat or in glove box
- ESP Electronic Shock Protection
- Repeat/ Program/Random/Intro Function
- Multi-Angle Playback
- Last Position Memory
- 9' Cable for connection to CAM head unit
- Dimensions: 7" wide x 1" high x 6-3/4" deep

## SECRET AUDIO SYSTEM

Hideaway 200 Watt AM/FM CD controller with USB MP3/WMA Flash Drive, iPod interface and more. Featuring "RF" (radio frequency) remote control. Ideal for Streetrods, Classics, Customs or any Vehicle! Leave original radio intact! LCD display unit can be mounted almost anywhere and be controlled by wireless remote from up to 40 feet away. The tuner/amplifier unit (black box) can be hidden out of site (under seat, dash or trunk). Comes with 10' cable from LCD panel to tuner/amp. Two mounting options included for the LCD control panel! (Flush mount bezel, or a swivel mount bracket!) We have even included the iPod docking cable (iPod not included).

## BLUETOOTH ADAPTER KITS

Wireless interface for Custom Autosound CD controller radios (USA-630, Secretaudio (SST & SRMS), USA-66). This adapter plugs into the CD changer port of your Custom Autosound radio and gives you the ability to do hands free calling from your bluetooth capable phone.

Also listen to music stored on your A2DP enabled bluetooth device. If you have a CD changer or CD1 single player you can still use it with the adapter plugged in (there is a CD changer port on the control box of the Bluekit).

Main control box has a 1.5' cord that goes to radio CD port, 6.5' cord to answer button and 3.5' cord from answer button to microphone.

## USA 230 RADIOS

If you don't need USB/MP3 or CD changer control this is the model for you. An awesome looking radio at a great price. Radio has no cassette but comes with auxiliary audio input. If you have a portable MP3 player or Satellite radio just plug it into the Aux input and listen to it through this radio. Our kits modify each radio to fit specific vehicles right out of the box. No extra kits/bezels needed!

• AM-FM Stereo • 200 Watts (4x50) • Auxiliary Input (RCA Rear) RCA to 1/8" pin jack included • Digital Clock • Electronic Tuner • 16 Pre-sets (4AM-12FM) • 4 Channel RCA Pre-outs • 4 way Fader • Power Antenna Lead

## USA 630 RADIOS

This radio has large OEM style push-buttons that give a perfect look in a classic dash. Although it looks classic it has the latest modern features. USB input on the back of the radio allows you to plug in a USB flash drive for playback of MP3/WMA song files. This jack is on an 14" extension which allows you to place it in the glove box or ash tray for easy access (no unsightly wires or plugs hanging out of the front of the radio). The new alpha numeric display (30% larger than previous models) shows

the song/artist/album (id3) titles during playback of MP3/WMA files. w/ the built in CD controller you have complete control (no FM modulation) of CAM's 6 disc CD changer. This same CD controller also facilitates the optional iPod® interface that turns your iPod on/off and charge it while giving you control to advance songs or play list from the buttons on the radio. A great feature so you can keep the iPod hidden away in your glove box or console. The back of the radio also has auxiliary audio input for satellite radio or any portable player you may wish to use. Our kits modify each radio to fit specific vehicles right out of the box. No extra kits/bezels needed!

• AM-FM Stereo • 240 Watts • USB Port for Flash Memory MP3/WMA Playback • Direct 10 CD Changer Control • Alpha Numeric id3 Display for MP3/WMA files • Electronic Tuning and Volume Control • 4 way Fader • Left Right Balance • Digital Clock • 2 Channel RCA Auxiliary Input for Satellite / iPod etc. • 16 Pre-sets (12FM-4AM) • 4 Channel RCA Pre-outs • Separate Bass and Treble • USA/Euro Tuner • Power Antenna Lead

## USA 740 RADIOS

The USA-740 offers the same classic look that Custom Autosound has always been known for with today's latest features. Now, with built-in Bluetooth (microphone included), answer calls and get Bluetooth streaming music from your Bluetooth capable phone or Bluetooth compatible device. Classic style with today's sound and performance taking every road and curve with you in your vintage vehicle.

- AM-FM Stereo • 300-watt • Hi 4volt, 4channel RCA Pre-outs and a Subwoofer RCA pre-out for additional amplifiers. • USB input • Front mini jack auxiliary audio input • Rear RCA auxiliary audio input

Match the dominant color of your instrument cluster with user selectable multiple LCD color choices with LCD dimmer control. The AM/FM RDS tuner shows station, song and artist on the LCD display. For those of us committed to music collections on compact disc, the USA-740 fully controls our optional CD-1 CD player.

## AM/FM RADIO SLIDE BAR

The Slidebar Radio is Custom Autosound's latest innovation in the quest for a perfect classic car radio. Just slide the 'slidebar' to the right and the analog AM radio display drops away to reveal a full featured digital display. With the large OEM style push-buttons you get a perfect look in a classic dash. Now a radio

that not only looks right and sounds great in your classic vehicle, it gives you a direct connection to today's modern audio. Although it looks classic it has the latest modern features that include an iPod doc. Navigation for the iPod includes artist/song/album/playlist all from the buttons on the radio. A great feature so you can keep the iPod hidden away in your glove box or console. The USB input is still there on the back of the radio and allows you to plug in a USB flash drive for playback of MP3/WMA song files. The alpha numeric LCD display shows the song/artist/album titles during playback of flash drive (thumb drive), iPod files and RDS radio station information. This LCD display has 7 user selectable color choices so you can match it to your other dash illumination. As an option you can get Bluetooth music streaming from your Bluetooth capable phone or Bluetooth compatible player with the BLUKIT. A2DP music streaming allows you to advance the songs on your phone buy using the track up/down button on the radio. It will also mute the music to take a hands free phone call through the radio. With 300 watts peak the radio should have all the power you may need, if you want more there are four pre-outs jacks and a subwoofer out on the back of the radio for optional amplifiers. The back of the radio also has auxiliary audio input for satellite radio or any portable player you may wish to use. If CD's are your thing we have you covered as this radio will control an optional 6 disc changer USA-CD60 or our CD1 compact size CD/DVD mp3 compatible player.

## THE SLIDEBAR RADIO FEATURES:

- AM-FM RDS tuner with 25 pre-sets (15-FM / 10AM) • RDS tuner shows station / song / artist on LCD display • 300 Watts Peak • 7 LCD color choices (user selectable - white/red/blue/cyan/green/yellow/pink) • LCD dimmer control • Bluetooth Option Available (#Blukit) • iPod doc and control (Control your iPod from the buttons on the radio) • USB Port for Flash Drive MP3/WMA Playback • Direct CD1 Control • Alpha Numeric Display for MP3/WMA/iPod files • Electronic Tuning and Volume Control w/Last Volume Memory • Bass / Mid / Treble Tone Control • Loudness compensation • DSP EQ • Front Rear Fader • Left Right Balance • Digital Clock • 2 Channel RCA Auxiliary Input for Satellite etc. • 4 Channel RCA Pre-outs • Subwoofer Line out w/Level and x-over Adjustments • USA/Euro Tuner • Power Antenna Lead

Repops has been a manufacturer of reproduction parts since 1991. Like many other companies in this industry it was started in a garage as a hobby and then grew from there. In the late 90's the company started the first line of "authentic" beltline kits, revolutionizing that product line. Since that time we have continued to be the leaders in beltline kits in both quality and quantity of types of kits offered. Also expanding into 12 other classes of parts such as heater seal kits and glovebox liners etc. Repops calling card has been their commitment to the end customers. Offering a rare Lifetime Warranty to the original purchaser of the product, plus the included customer service number for questions regarding purchased parts. All of this adds up to confidence for our dealers when selling a

## WINDOW FELT WIPER KITS

Each kit comes with everything needed to completely replace your old felt kits. These 4-piece sets include two outers and two inners.

|------|-------|-----------------|----------|
| 9017 | 82-87 | w/Power Windows | 36.95 Ea |
|------|-------|-----------------|----------|

Looking for top quality dependable power windows for your Classic Cars, Classic Trucks, Muscle Cars, Street Rod or Hot Rods? Nu-Relics manufactures direct bolt in gear driven windows for classic cars. The power window conversion kits are truly make and model specific - designed for the regulator to work like the original manual regulator with correct bolt patterns and arm lengths. Installation is easy - unbolt the manual regulator. Reverse the process and bolt in the power regulator in the exact same location.

Nu-Relics power window kits for classic cars and hot rods provide some great features such as:

- The kits are available with various switch options. Has chrome switches and

- Nu-Cranks that allows your original crank handle to operate as a power switch.

- Kits include: regulators, motors, completed wire harness, choice of switches, conduit to protect the wires going thru the door. Each product page includes pictures of all the parts included in the kits.

- Works with curved glass

- Regulators are constructed of durable components (treated gear plates, 1018 cold rolled steel, Bronze Oilite® thrust bearings at pivot, etc.)

- Lifetime warranty against manufactures defects on the regulators, motors, and switches purchased from Nu-Relics Power Windows, LLC.

## POWER WINDOW CONVERSION KITS

NU-RELICS power window conversions come as a complete kit. Each unit is a solid steel constructed gear and arm combination with GM-DELCO motors and switches. Bolt-in design—only drilling required is for wiring at the end of the door. Each unit comes complete for two windows and includes all wiring, switches, guides, tubes, grommets, and easy to follow instructions.

| 3978 | 55-72 | w/LED 3-Terminal |  | 12.95 Ea |

## TRANSMISSION WIRING KITS

Our lock-up kit allows you to install a 700R4 or 200R4 without a computer. This is a complete external kit. No brake switches or vacuum switches are needed. Our kit allows lock-out only in fourth gear which eliminates most converter shudder. Works with all 700R4 and 200R4 with square connector plug. This will not work with 4L60E or 4L80E transmissions.

CAN BE USED ON 67

American Autowire is a premier automotive electrical manufacturer of OEM, restoration, and performance parts for stock, modified, and customized rides. They have decades of industry experience, and are committed to delivering outstanding products and excellent customer service. Co-founded by Michael Manning and Frank Colonna in 1983, this company had humble beginnings as a basement business in Laurel Springs, New Jersey. Fast forward thirty years and the modern operation is based in a manufacturing facility in Bellmawr, New Jersey. The founders are still working away with the assistance of a sizable workforce and a more resourceful operation.

All products made by American Autowire are American-made right there in their facility where work is overseen by the founders and visionaries of the company. Hailed by buyers as being "extremely well-made", "the best quality product", and "truly painless" when customers offered feedback about their products – American Autowire puts a lot of consideration into the parts they make. These products are made by car enthusiasts, for car enthusiasts.

8091 68-72 All 3.00 Ea

## TRANSMISSION WIRING KITS

Our lock-up kit allows you to install a 700R4 or 200R4 without a computer. This is a complete external kit. No brake switches or vacuum switches are needed. Our kit allows lock-up only in fourth gear which eliminates most converter shudder. Works with all 700R4 and 200R4 with square connector plug. This will not work with 4L60E or 4L80E transmissions.

3694 55-72 All w/200R4 & 700R4 69.95 Kit

## FUSE PANELS

## WIRE LOOM CLIPS

2603 Any All Plastic Loop 0.25 Ea

2604 Any All Metal U-Type 0.25 Ea

## RADIATOR/FIREWALL GUTTERS

61000 67-72 All 24.95 Set

## WIRE GUTTER SCREW SETS

6158 67-72 All 3.00 Set

What makes the Classic Update Series harness kit better than the competition? The Classic Update Series design philosophy is to build complete "full function" systems and engineer them for easy access, easy installation, and connectivity with common update accessories, all while allowing for future expansion.

Each kit is a completely new design engineered around the specification and physical dimension of your car or truck, as well as the space constraint imposed by many aftermarket accessories vying for the limited space under the dash. These kits are not generic street rod products. Superior design has given the builder complete flexibility to use original stock switches and components as well as Custom Update accessories such as: Dakota Digital instruments, RainGear wiper systems, Vintage Air heat and AC systems, Ididit and Flaming River steering columns, and late model GM tilt steering columns.

The fuse box was chosen for its adaptability in mounting configurations and its ability to handle the increased current loads demanded by power accessories such as power windows, power seats, power door locks, cruise control, etc. It is a proven GM design that incorporates heavy duty circuit bussing. There is no circuit board in this high-power fuse box assembly, as the potential power demands are too high for a circuit board design. It is the attention to detail that removes the engineering exercise from the builder and makes installation much smoother.

**Warning:** This wiring kit will not support an ammeter of any form. There are no instructions included on how to wire up an ammeter.

## CLASSIC UPDATE WIRING HARNESS KITS

| 9089 | 73-82 | Truck | 809.95 Kit |
| 9090 | 83-87 | Truck | 899.95 Kit |

## TECHNICAL SPECIFICATIONS AND FEATURES

- Fuse box incorporates 18 fused circuits and expansion capability for 11 additional power circuits. Fuse box measures
- 4" x 6" and is molded in resistant nylon 6/6. All necessary mounting hardware is included.

★ = special order non-stocking item, please allow 4-6 weeks for delivery.

🚚 = truck freight (call for shipping quote)  
📦 = add \$80.00 handling per item

① = add \$8.00 handling per item  
② = add \$16.00 handling per item  
③ = add \$80.00 handling per item

## WIRING & ELECTRICAL

- Fuse link protection on fuse panel power feed.
- Circuit breaker capability on power circuit.
- High heat and abrasion resistant XLPE wire withstands -60°F to 275°F. GM wire color coding system.
- Wire circuit inkjet printed every 3 inches.
- Wire circuit take-off points predetermined to clear under dash accessories, allowing pretermination of most circuit branches and plug-in installation of most circuits.
- Standard turn flasher, four-way hazard flasher, and horn relay mounted on fuse panel.
- 8-gauge alternator power lead wire supplied with fuse panel.
- Alternator connector supplied for GM "SI" series internally regulated alternators and "one wire" alternators.
- Original boot and tube assemblies with original light socket connectors included for installation into existing or reproduction taillight housings. Even custom applications require these assemblies for weather protection.
- Terminals and connectors are provided for all dome light and door jamb switches cover two and four door models.
- Front lighting includes headlight connectors, headlight bucket grommets, connections front parking and directional lights.
- Complete wiring for updated GM steering column, turn signals and hazard switch.
- Mating connector and terminals supplied to adapt to original steering column. Ignition switch connectors supplied for GM columns with ignition switch in column.
- Engine wiring for points type and HEI distributors. Power and tachometer connectors supplied for GM HEI distributors.
- Gauge sender leads are provided for fuel, water temperature, oil pressure, voltmeter, and tachometer.
- Power wiring for electric engine fan, fuel pump, windows, door locks, seats, cruise control, and accessory radio included.
- Instrument cluster disconnect built into under dash harness for complete flexibility in gauge cluster section. All original terminals, connectors and light sockets are supplied for original cluster gauge wiring.
- Cluster disconnect also supports any custom gauge configuration.
- Late model GM headlight switch included.
- Floor mounted dimmer included.
- New ignition switch included.
- Fully detailed installation instructions and wiring.
