Welcome to H&H Classic Parts

Thank you for requesting our catalog! We've spent countless hours editing, refining, and creating the most customer friendly experience for you. Our customers are always at the forefront of everything we do, so if you have any suggestions please feel free to share your thoughts with us.

Thirty-five years ago our company, H&H, was born with a modest investment as a part-time hobby business. With hard work and dedication we've grown into an internationally recognized brand. We've established a reputation for superior customer service, fairness, and fast shipping. We will continue to take care of you, our customer, placing your needs above our own. Price is not always our first concern; quality products are more important to us. Our goal is to offer you a better product than our competition at the lowest price we can, and always with the fastest shipping in the nation.

Again, we thank YOU; we would be nothing without our customers! Those of you that have bought from us in the past, present, and also to our future customers: if at any time we fail to meet your expectations with our service, product, or shipping, please contact us. As Herman would say, "We can't fix it, if we don't know about it."

We also encourage you to send us pictures of your projects and tag us on social media (Facebook and Instagram: @HHClassicParts). We enjoy featuring and highlighting your progress. Happy shopping and restoring; we look forward to serving you!

Sincerely,

A handwritten signature in black ink that reads "Herman D. Tray Smith III".

Herman D. "Tray" Smith III
President CEO

Sincerely,

POLICIES AND GENERAL INFORMATION

Returns Information

All parts in this catalog are sold with a satisfaction guaranteed policy. **Please examine your order immediately. All shortages, incorrect items, and damages must be reported within 7 days!** If the package was damaged in shipment, save the merchandise and packaging and notify us immediately for instructions. To return an item to us, please contact us for instructions and a return authorization number. If H&H is responsible for the incorrect shipment we will reimburse the customer for their return shipping charges but under no circumstances will H&H pay for additional charges incurred by using packaging services, air shipping or accept COD shipments. For your protection, send the package by UPS or insured Parcel Post, saving the receipt until you hear from us. All Returns are subject to a 20% restocking fee. Special order items are non returnable except for warranty issues. No Returns on any items after 90 days. Any item sent back to H&H that has been opened or packaging defaced in any way will be subject to a repackaging fee. H&H reserves the right to refuse a returned item based upon its condition.

Pricing, Terms, Conditions

H&H Classic Parts reserves the right to change all prices, terms, specifications, and other information without notice. Please call or write us if you have any questions or if you feel there is a discrepancy.

Guarantee or Warranty

All of your parts are guaranteed for 90 days to be free of defects in materials and workmanship, unless noted within the catalog. Of course, the guarantee does not apply in the advent of any misuse, neglect, or improper installation or modification.

Payment

We accept Visa, Mastercard, Discover, American Express, PayPal (Paypal on website orders only). There is a minimum purchase of \$10.00 on all credit card sales. Please provide the card number, expiration date, cardholder's name, and on mail orders the cardholder's signature. We also accept money orders and certified checks that are drawn on a US bank and/or financial institution. Sorry, no COD's or personal checks.

Damage or Shipping Claims

Make certain you inspect all packages in the presence of the driver/carrier. If you receive a package that has been damaged or opened, make a claim with the driver/carrier at that time. All claims of loss, concealed damage or other destruction must be made by you with the carrier. Save all boxes and packing materials as the carrier may want to inspect it. We apologize for any inconvenience that this may cause, but this is the policy of UPS and FedEx. Any shortages not the fault of the carrier must be reported within 7 days of receiving order. No exceptions allowed.

Special Order Non Stock Items

Due to extreme volatility in the supply chain at the time of this catalogs printing. Please be aware that ETA's on Special Order Non-Stocking items can be extreme. Please double check and do not assume that these items will be coming in a timely manner, but can be months out.

Back Orders

Listings in the catalog do not imply availability. It is rare that we are out of an item, however it will happen from time to time. In the event of a back order, we will cancel that item and you will need to reorder at a later date.

Product Changes

H&H Classic Parts reserves the right to make changes and improvements in our products without incurring any liability to include these in any products previously manufactured or sold.

Core Charges or Deposits

The purpose of core charge or deposit is to insure the return of rebuildable parts. Your deposit will be promptly refunded when we receive your complete, rebuildable core. A copy of your original purchase invoice must accompany your core. No refund will be issued for damaged, broken, disassembled, or incomplete cores. No exceptions will be allowed. Your cooperation and understanding is appreciated

Sales Tax

Arkansas residents must include state sales tax. If you are an automotive parts business and/or you have a tax number, please include a copy of your permit with your order. To calculate sales tax you will have to contact us.

Notice

This catalog, its wording and/or pictures are property and copyrights of H&H Classic Parts and are forbidden to be used by anyone under the penalty of law!!!

Air Shipping Charges

All air shipments are sent by UPS. Charges are based upon the size and weight of the box. We will have to call you back with a freight total.

Shipping Charges to Hawaii and Alaska

All orders shipped to Hawaii, Alaska, US territories and possessions must be prepaid with a credit card and will be shipped by the best means possible.

Shipping to Foreign Countries

All orders shipped to foreign countries must be prepaid with a credit card and will be shipped by the best means possible. Orders to foreign countries may incur customs and duty charges, customs broker and any other fees related to the importation of merchandise. All such charges are the responsibility of the recipient.

Please include name, shipping address, phone number, and a detailed list of the parts being ordered. Please include a method of payment such as credit card, money order, or cashiers check (sorry, no COD's or personal checks). If you have any questions, please call

479-787-5575 and we will be happy to assist you in any way.

Do you have an order that you want brought to one of the events? Well, go ahead and call it in the week before the show! We will have it pulled, invoiced, and waiting for you to pick up when you get there! To have parts brought to the show please call your order in by the Friday before the event.

US Ground Shipping Charges

Shipping charges are based upon how much you order and the size of the boxes or tubes that it will take to ship them. Our shipping charges are as follows:

Due to size and or weight, some parts will fall into the "Oversized" shipping classification resulting in an **additional fee on top of the normal shipping rate**. Please make sure you check on our website or in our catalog to see if your parts fall into this classification to correctly estimate your shipping charges. Any item that is a "Truck Freight" classification will have to be shipped by UPS Freight. For Truck Freight items, please contact our sales department for shipping costs. **If you have any questions regarding our shipping policy, please call us at 479-787-5575 BEFORE ordering.**

Truck Freight Orders

All truck freight orders are quoted on shipping on a case by case basis. We will need your address, city, state, and zip code to do this. We can ship these to residential addresses however there will have to be someone present to accept it. We prefer to ship this to a commercial address. All truck freight orders need to be inspected at the time of receipt for damages. Once you sign for a truck freight shipment order it is yours and there is nothing we can do about it if it is accepted as ok. If you should receive one that is damaged make sure it is marked as damaged and contact us immediately. If you should have the trucking company do anything extra (example: use the liftgate, pull the pallet inside for you, or have them call before they deliver it) those are extras that the trucking company will bill us for, in turn we will bill them to you as well. By ordering a truck freight order you accept this and authorize H&H to bill your credit card for these extra charges.

AC/HEATER PARTS 1-6

Vintage Air Systems, Ac Vents, Duct Hose, Factory Heater Control Parts, Heater Cores, Heater Hoses

BOOKS/MANUALS 7

Battery Boxes, Switches, Front Light Harness, Engine Harness, Under Dash Harness, Fuse Panels, Classic Update Wiring Kits

SURE-FIT KITS (GEN-V)

The Gen 5 is Vintage Air's most powerful and intelligent climate control system. The Gen 5 uses an exclusive fully electronic microprocessor control system that eliminates cables or vacuum connections. Separate high-capacity copper parallel-flow heat coil and aluminum plate-and-fin-cooling coils provide outstanding performance and instant temperature adjustments.

WARNING: When using a crate or salvage motor, make sure the compressor isn't a variable speed or output-type. These will not work with any Vintage Air system. These are most common on LS motors.

Additional features include variable blower speed and dash/floor/defrost blend.

**Complete kits include everything in the evaporator kit plus all under-hood components such as compressor, engine brackets, condenser with brackets, preformed refrigerant lines, drier, fittings, hardware and installation instructions.

- Engineered to cool your vehicle faster than ever • Improved diagnostics and advanced systematic fail safes • Multiple mounting options for an easier installation • Rubber well-nut mounting points for improved NVH isolation • Separate high-capacity A/C and heater coils with blend air door for rapid vent temperature adjustment • OEM block-type expansion valve • Injection molded case for optimal precision, strength and quality • Injection molded blend air doors with integral rubber seals • Removable access covers for coil service • Interchangeable defrost and floor heat plenums for increased mounting flexibility • Powder coated steel mounting brackets • Quiet high-performance blower
- Uses your factory controls with our electronic cable converters • Flat steel firewall cover

This SuperFlow condenser design was pioneered by Vintage Air to provide leading-edge technology and superior performance with today's 134a refrigerants. The importance of this unique new micro tube design and its improved refrigerant flow cannot be overemphasized. By providing increased refrigerant contact with the micro tube walls and multiple passes per circuit for low restriction pathway, SuperFlow condensers provide up to 40% more capacity than comparably sized old-style tube-and-fin condensers.

WILL NOT WORK WITH ORIGINAL AC SYSTEM.

500 POWER STEERING CONVERSION BOX

Our 500 power steering box is unlike your average 605 box. Instead of using old parts from a 55-57 steering box and using the remainder of the lower housing from a manual steering box, we have cast a new Pitman shaft with the correct number of teeth already in the right position and a new lower housing with the bracket made into the housing. Once you see your 500 box, you will decide that this is the best box on the market today.

CPP's new Pro-Touring Kits are the most complete packages on the market and offer the ultimate in performance upgrades to your car or truck for an affordable price. Our kits come in 4 different stages, from suspension only (Stage I & II) to full kits (Stage III & IV) including front and rear brake packages. Our kits are made in the USA with the quality you have come to expect from Classic Performance Products, Inc. All our PTK kits include front and rear Totally Tubular™ upper and lower control arms, front and rear Pro-Touring sway bars with an optional billet aluminum mount upgrade, lowered front and rear coil springs with nitrogen gas shocks in the PTK1 or the dual-adjustable coil over package with rear dual-adjustable shocks (PTK2, PTK3, PTK4), lowered rear leaf springs (for leaf spring applications). Add CPP's chrome master cylinder/adjustable stop-block combo along with our front and rear 11" or 13" Big Brake disc brake kits, and you have a "tried and true" Pro-Touring package in the PTK3 (Stage III) and PTK4 (Stage IV) kits.

Add StreetGRIP suspension to your 1964-1972 GM A-body muscle car including Chevelle, Malibu, Cutlass, Skylark, GTO, 442, Tempest or Lemans. The complete StreetGRIP kit updates your car with modern handling, great ride quality and lowered ride height. StreetGRIP suspension is perfect for restorations as well as restomods and pro-touring cars. StreetGRIP is easy-to-install. A direct replacement for original style suspension, StreetGRIP includes everything that you need including lowering springs, adjustable shock absorbers, high performance bushings, heavy duty swaybars, tall ball joints, hardware and instructions. Whether it's eating up highway miles or carving up a curvy road, StreetGRIP improves your driving experience.

COIL OVER CONVERSION KITS

QA1 conical springs are designed so that the lower end sets on the coil-over shock and the upper end sets in the original spring bucket in the frame. This allows for the use of a longer and lighter spring for more stored energy, offering increased weight transfer. Greater durability is also achieved by locating the spring pressure in the frame and not on a single stud. The threaded aluminum body allows ride height adjustment and boasts an easy bolt-in installation. The system includes Promo Star coil-over shocks, specially designed conical springs and all mounting hardware.

RIDE TECH COIL OVER SUSPENSION KITS

This CoilOver System is specifically designed for the 1964-1967 GM "A" Body Platform and includes everything needed to create modern driveability from vintage muscle. The package contains front upper and lower control arms, tall spindles, front & rear MuscleBars, rear StrongArms and 4 HQ Series CoilOvers. The benefit of buying a complete suspension system is that it takes all of the guesswork out when purchasing a new suspension. RideTech has spent hours collecting data to find a perfect spring rate and components for your vehicle's performance and ride quality.

CHASSIS & SUSPENSION

Adjust vehicle height at the push of a button while maintaining balanced air springs. The RidePro E5 control system tunes air ride suspension for proper handling and world-class ride quality by way of sophisticated pressure and height algorithms. Each time you turn the ignition key, RidePro E5 self adjusts to ride height and compensates for changes in load. Whether you are driving alone to work or on your way to a show with a car or truck load of friends, RidePro E5 will calculate proper air spring rate and balance, then work diligently in the background to maintain proper spring pressures and vehicle height. The Full color TFT LCD. 3.5" display with capacitive touchscreen make interacting with the control system quick and easy. Adjusting vehicle height is as simple as choosing one of three presets. Connect a compatible smartphone via Bluetooth and use the RidePRO E5 app to control the system wirelessly.

23780 66-72 V8 Aluminum 51.95 Ea

At Cold Case, their goal is to produce the highest quality aluminum radiator, make every model be a direct fit, look original, all while maintaining a reasonable price point. Their extensive research and development team ensures that you are getting a drop in radiator with every purchase. They don't cut corners or cross over year ranges if the dimensions are close. If we list it, it's a direct fit with no modifications to be made.

- All Cold Case Radiators Feature:
- Lifetime Warranty
 - Correct OEM Fitment
 - 100% Expert TIG Welded
 - 2 Oversized Cooling Rows
 - (2x) 1" to 1 1/4" Tubes Per Row
 - OEM Stamped Fully Polished Tanks

ALAN GROVE COMPONENTS INC. has specialized in fabricated specialty vehicle components for many years. Our mounting brackets are crafted from steel plate and represent our commitment to quality. All welding is T.I.G and all edges are smoothly finished. Our brackets are guaranteed to fit and include all the necessary bolts, nuts, spacers, hardware, belt-length recommendations and "easy to follow" illustrated instructions for simple installation. Dimension requirements for our brackets are provided within each bracket description on this web site. Please refer to these before ordering. Your satisfaction continues to be our goal.

What kind of water pump do I have?

SMALL BLOCK WITH SHORT WATER PUMP

SMALL BLOCK WITH LONG WATER PUMP

Chevrolet used many different water pumps throughout their history. Please take the time and make sure that you identify which water pump you have so that you will be able to order the correct AC system or correct brackets and pulleys.

What kind of water pump do I have?

quad carbs. Bolt to top water pump and the two front intake bolts. Alternator bracket works well with intake mounted oil filler tube and offset thermostat housings. Will clear up to 4 1/2" tall valve covers.

Front View

BRACKETS FOR SMALL BLOCK

Small Block With Short Water Pump

- 3609 Compressor Mounting Bracket 119.95 Ea
- 3610 Alternator Mounting Bracket 119.95 Ea

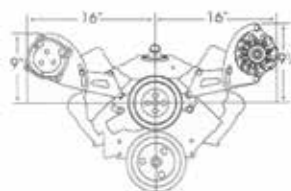

Small Block With Long Water Pump

- 3620 Compressor Mounting Bracket 119.95 Ea
- 3621 Alternator Mounting Bracket 119.95 Ea

A very versatile bracket system. Works with most induction systems. Will clear multiple carbs and most fuel injection. The alternator bracket will fit all 1969 and newer heads except Vortec. The AC bracket Fits all GM aluminum heads and may be used on 1969-1986 cast iron heads by drilling and tapping one hole for the upper mounting point. Will clear up to 3" tall center bolt valve covers when used on 1987 and later heads. Will clear up to 3 3/4" tall valve covers when used on 1986 and earlier heads.

Front View

BRACKETS FOR SMALL BLOCK

Small Block With Short Water Pump

- 3611 Compressor Mounting Bracket 119.95 Ea
- 3612 Alternator Mounting Bracket 119.95 Ea

Small Block With Long Water Pump

- 3622 Compressor Mounting Bracket 119.95 Ea
- 3623 Alternator Mounting Bracket 119.95 Ea

Designed for cars with low hood clearance: Vettes, Camaros, etc. These brackets also work great on most vehicles with a wide engine com-

partment: trucks, 50's and 60's cars, etc. These brackets bolt to the head and top water pump bolt holes. The AC compressor bracket Fits all GM aluminum heads and may be used on 1969 through 1986 cast iron heads by drilling and tapping one hole for the upper mounting point.

Front View

BRACKETS FOR SMALL BLOCK

Small Block With Short Water Pump

- 3613 Compressor Mounting Bracket 119.95 Ea
- 3614 Alternator Mounting Bracket 119.95 Ea

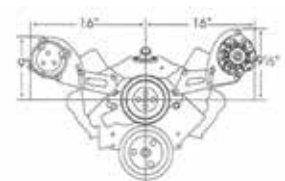

Small Block With Long Water Pump

- 3625 Compressor Mounting Bracket 119.95 Ea
- 3626 Alternator Mounting Bracket 119.95 Ea

These brackets bolt to the water pump and exhaust. No holes are needed in the head. Furnished to fit with stock exhaust manifolds and most headers. If used with headers, the front tube must turn down enough to allow access to the bolt hold in front of the second pipe.

Front View

BRACKETS FOR SMALL BLOCK

Big Block With Long Water Pump

- 3629 Compressor Mounting Bracket 119.95 Ea
- 3630 Alternator Mounting Bracket 119.95 Ea

Engineered for low hood applications. Works great on any vehicle with a wide engine compartment: trucks, 50's and 60's cars, etc. Bolts to the heads and water pump.

FRONT RUNNER ENGINE DRIVE SYSTEMS

- Exclusive front runner spring tensioner provides continuous SAE-SPEC static and dynamic belt tensioning for OEM quality belt life
- Exclusive block-mounted design allows any deck HEI/cylinder head combination. Uses no head or intake mounting bolts like conventional brackets.
- Super rigid truss-architecture design CNC machined from 6061-T billet aluminum. Available in machined or gray anodized finish.
- Engineered to clear most GM and aftermarket tuned port fuel injection systems.
- Exclusive fixed-position component mounting creates a super compact package within the basic engine size envelope. Fits into extremely tight chassis configurations.
- Uses exclusive new Vintage Air Tite-Fit Line/Compact Compressor Package.
- Exclusive precision machined hard-coated aluminum pulleys reduce weight and wear like steel.
- Pulley sized engineered and matched for optimum component speeds.
- Uses compact GM Type II power steering pump and modified GM 140 amp alternator

DELUXE LS ENGINE INSTALL KITS

Easily install a modern, dependable, light weight, low maintenance, high powered V8 with CPP's new LS conversion install kit. Our install kit works with all Vortec and most LS engines. Kits include ceramic coated headers, CPP's FitRite adjustable transmission crossmember with polyplus pads, engine side mounts and CPP's FitRite adjustable engine side plates with polyplus pads. Car applications will also include an oil pan, windage tray and oil pick up tube. Note: May not work with LSX heads and dry sump oil systems. Not for LS7 applications.

Is the original wiper system on your 1964-67 GM A-body car (Chevelle, Tempest, Cutlass, Skylark) worn out? Or is the wiper system missing entirely from a project car? Our RainGear wiper system is a modern, high-quality replacement for the old system. It is the only replacement wiper system that is completely hidden, fitting entirely within the airbox in the cowl! This allows you to remove the stock wiper motor. The wiper motor hole in the firewall can be covered up with the cover plate supplied in the kit or you can weld in a patch panel to eliminate the hole entirely. Perfect for Pro Street cars or if you just desire a clean looking firewall. The kit comes complete without arms and blades. Your stock arms will fit on our system.

EFI GAS TANKS

1958-70 Chevy Passenger Car EFI Fuel Tanks. Will fit Hardtop, Sedans, and Convertibles. Fuel Injection ready, some units include 2 piece neck design for easier shipping. Utilizes tanks brand GPA series fuel pumps. Uses aftermarket 5 bolt senders. Internal baffling with extra large 4.8 liter dual tube fuel tray to prevent fuel pump starvation. Perfect for Pro-touring, Autocross, or Road racing applications. Looks like OE tank when installed. Coated galvanized steel then powder coated silver. 1" deeper than stock, longer straps included with tank.

SKYDRIVE

Calibrate your speedometer in less than a minute and you don't even have to leave your driveway! Sky Drive is the world's most accurate electronic speedometer sending unit. No need for ECU convertors or pulse signal generators screwed onto your transmission. The new Sky Drive uses GPS Satellite signals to operate your electronic speedometer. It updates 10 times per second and with one push of a button it's ready to go.

Since 1986, Dakota Digital has proudly designed, built and supported digital instrumentation from their Sioux Falls, South Dakota facility. Starting with the

spark of an idea, plans are made; from the overall look to the internal circuitry and software. With plans in hand, housings, substructures and other hard parts are carved out of billet aluminum and lightweight HDPE in their fully equipped machine shop. A CNC router, several lathes and multiple CNC mills handle the dirty work. The housings are then carted across the 40,000sqft facility to the production floor, where intricate circuit boards are being populated on state of the art machines. Subassemblies featuring countless laser-cut bits are fitted to their respective housings, software is loaded, and the conglomeration of pieces is starting to look like a car part!

DAKOTA DIGITAL GAUGE SYSTEMS

Get modern conveniences with a classic look by updating to digital gauges! No need for drilling extra holes. These gauges are made to exactly replace originals.

Bezels & housings not included!

DAKOTA DIGITAL VHX GAUGES

Fully lit needles, backlit faces, and highly visible LCD message centers are a few of the things that you can see which set the VHX Series apart from yesterday's traditional approach to instrumentation. A few of the features which you don't normally see are the micro-controlled precision stepper motors, solid state sensors for unparalleled accuracy, and user-customizable display feedback. All supported by an unrivaled limited lifetime warranty which has become the standard for Dakota Digital instrumentation systems. Completely engineered and manufactured at our facility in Sioux Falls, South Dakota, the VHX Series has completely revolutionized the instrumentation industry!

DAKOTA DIGITAL HDX SERIES GAUGES

HDX system allows the user to select their favorite illumination color for the gauge readings and needles, as well as the TFT message center displays. Available with your choice of black or silver gauge-face styling, each HDX system allows the user to select independent illumination colors for the gauge readings and needles, as well as the message centers. Calibration and personal settings are manipulated with the built-in capacitive-touch buttons or the available Bluetooth App. for the Apple and Android devices.

Each needle hub is black nickel plated spun-aluminum to match the buttons. All HDX instrument systems feature dead-faced indicators (turn signals, high beam, check engine, cruise control, parking brake plus two user-definable) and a red, settable warning light for each gauge. With our central control box, installation is greatly simplified with vehicle-harness sourced signals and supplied, solid state sending nits connection cleanly to their respective terminal.

BEZELS NOT INCLUDED!

DAKOTA DIGITAL RTX SERIES GAUGES

This 21st century wonder has the look of a stock 1964-72 Chevy cluster but offers a full-color TFT message center and LED backlighting (user-adjustable colors). The casual observer will think this is vintage stuff, right down to the mesh pattern behind the speedometer needle – until you hit the key! Use a stock or reproduction bezel; available separately. Add RLC-55C clock to finish off the passenger side. The RTX series is the latest from Dakota Digital, focused on retaining that stock look without sacrificing the late-model features you love. Every effort has been put forth to incorporate OEM design elements regarding the layout, face styling and indicators. A casual glance may dismiss these as original equipment, but once you hit the switch and the LED backlighting comes on in your favorite color scheme, all doubts will be removed. Starting from scratch, CNC machined housings are filled with electronics designed and built in-house, helping Dakota Digital once again raise the bar for aftermarket instrumentation. The high-definition TFT message centers can be fully configured to display just about any piece of information needed. As you've come to expect from Dakota Digital, the RTX series utilizes a central control box to make installation and setup as easy as possible. Click the tabs below for a more in-depth look at the RTX series!

GRAFIX GAUGE SYSTEM

The Grafix Series from Dakota Digital is the culmination of decades of expertise and industry-leading products, creating the most advanced and customizable instrument system available. The Grafix Series uses a variety of full-color TFT screens, maximizing the OEM gauge openings, or even within a universal or custom fitment. The Grafix Series allows the user

to customize nearly every aspect of the instrument system. A variety of graphic themes can be selected, each element within can be further personalized with unique display colors and warning modes. Furthermore, each gauge location can be configured with an Analog, Digital, or Bar-graph style of readout. Each display can show readings singly, grouped in pairs for twice the visible data, or completely reconfigured to show a different readout entirely!

Tilt steering columns include all the levers and knobs. They are completely wired for self-cancelling turn signals, four-way flashers, and horn. A neutral safety switch is included with a column shift column. An indicator is not included. You will need to purchase a wiring adapter to plug into your original wiring harness. This steering column will attach to your steering gear box with a splined coupler. Your original shaft from the gear box will have to be cut and flattened (DD) for installation. You can add an aftermarket steering

wheel with an adapter GM 69 or newer. The original mounting bracket will attach the steering column to the dash. The original floor mount will be used to secure the column to the floor.

IDIDIT DOES NOT BUILD ANY COLUMNS FOR 3-SPEED ON THE COLUMN!

HEAT INSULATION

The Insulator is a quality-made, moisture-resistant heat and sound barrier. It is a 4' x 6' 3/8" sheet of foil-backed insulation that has hundreds of uses in automobiles, boats, and RVs including: Don't forget about the spray adhesive and seam tape. These two products will help you complete the installation of the Insulpad insulation sheet.

Auto Custom Carpet is top-quality carpet in the restoration industry. Each set of carpet is made vehicle specific. There is nothing universal about Auto Custom Carpet Products.

80/20 LOOP CARPET. Loop is a vintage style carpet used in vehicles manufactured from 1957 to 1973. Loop material is composed of 100% 6,6 Nylon yarn called Raylon. Tufted to a 1/8 gauge, Loop contains 20 ounces of yarn per square yard.

Molded or Sewn to fit the contours of your specific floor pan (trimming may be required) • Heel Pad included. Dielectric applied per OEM specifications • Padding underlayment Included • 1 Year standard warranty from date of purchase against mfg defects • Proudly made in the USA

Automotive Carpet is at the heart of what ACC does. No one has a larger offering or manufactures more flooring products than ACC. Made with true automotive grade carpet, we offer seven original materials plus our premium Essex carpet. In addition, we manufacturer Vinyl flooring for when carpet is not the best solution. With over 200 colors to choose from plus many more options, trust in ACC for the best product in your next vehicle project.

Parts Unlimited Inc. (PUI Interiors) was founded in 1977 with a commitment to serve the automotive aftermarket industry. Since then, we have proudly continued a tradition of providing the finest quality interior restoration components available at the fairest possible price. Because of our experience and extensive in house capabilities, we are able to maintain nearly all of our quality control right here at PUI. We believe quality is our future, and we stand by our products.

NOTE: All four door Sedan and Wagon seat covers sold by H&H are manufactured by PUI Interiors.

Presewn using Seville grain vinyl. Vertically sealed dielectric pleats. Authentic medallion sealed in all rear seats.

SUNVISORS

Sunvisors feature the correct design down to the evenly stitched bindings and the metal pins and tips. They are completely assembled and ready to install. The 1964 Chevelle convertible visors are made in Seville grain vinyl. While the 1965-72 visors are made in Madrid grain vinyl. Coupe sunvisors are made in Headliner material to match your headliner.

Custom Autosound Mfg., Inc. established in 1977, started manufacturing AM/FM cassettes in 1981. We now have eight models available! They are shipped 'bare' from overseas to Fullerton CA, where our technicians 'kit' (modify) them for over 400 different makes and models of classic cars and trucks
WARNING: All radios listed in this catalog cannot be used with original speakers. You must update with some form of late model speaker.

CD PLAYERS

All control is from the buttons on your USA-630, Slidebar or Secretaudio radio

- Plays CD/CD-R/CD-RW/DVD audio/WMA/MP3
- Small enough to hide under the seat or in glove box
- ESP Electronic Shock Protection
- Repeat/ Program/Random/Intro Function
- Multi-Angle Playback
- Last Position Memory
- 9' Cable for connection to CAM head unit
- Dimensions: 7" wide x 1" high x 6-3/4 deep

2059 w/USA630 or SecertAudio System 199.95 Ea

SECRET AUDIO SYSTEMS

Hideaway 200 Watt AM/FM CD controller with USB MP3/WMA Flash Drive, iPod interface and more. Featuring "RF" (radio frequency) remote control. Ideal for Streetrods, Classics, Customs or any Vehicle! Leave original radio intact! LCD display unit can be mounted almost anywhere and be controlled by wireless remote from up to 40 feet away. The tuner/amplifier unit (black box) can be hidden out of site (under seat, dash or trunk) . Comes with 10' cable from LCD panel to tuner/amp. Two mounting options included for the LCD control panel! (Flush mount bezel, or a swivel mount bracket!) We have even included the iPod docking cable (iPod not included).

3914 All 384.95 Ea

BLUE TOOTH KITS

Wireless interface for Custom Autosound CD controller radios (USA-630, Secretaudio (SST & SRMS), USA-66). This adapter plugs into the CD changer port of your Custom Autosound radio and gives you the ability to do hands free calling from your bluetooth capable phone. Also listen to music stored on your A2DP enabled bluetooth device. If you have a CD changer or CD1 single player you can still use it with the adapter plugged in (there is a CD changer port on the control box of the Bluekit). Main control box has a 1.5' cord that goes to radio CD port, 6.5' cord to answer button and 3.5' cord from answer button to microphone.

4552 All w/630 or Slide Bar Radios 127.95 Kit

USA 230 RADIOS

If you don't need USB/MP3 or CD changer control this is the model for you. An awesome looking radio at a great price. Radio has no cassette but comes with auxiliary audio input. If you have a portable MP3 player or Satellite radio just plug it into the Aux input and listen to it through this radio. Our kits modify each radio to fit specific vehicles right out of the box. No extra kits/bezels needed!

FEATURES

- AM-FM Stereo • 200 Watts (4x50) • Auxiliary Input (RCA Rear) RCA to 1/8" pin jack included • Digital Clock • Electronic Tuner • 16 Pre-sets (4AM-12FM) • 4 Channel RCA Pre-outs • 4 way Fader • Power Antenna Lead

USA 630 RADIOS

This radio has large OEM style push-buttons that give a perfect look in a classic dash. Although it looks classic it has the latest modern features. USB input on the back of the radio allows you to plug in a USB flash drive for playback of MP3/WMA song files. This jack is on an 14" extension which allows you to place it in the glove box or ash tray for easy access (no unsightly wires or plugs hanging out of the front of the radio). The new alpha numeric display (30% larger than previous models) shows the song/artist/album (id3) titles during playback of MP3/WMA files. With the built in CD controller you have complete control (no FM modulation) of CAM's 6 disc CD changer. This same CD controller also facilitates the optional iPod® interface that turns your iPod on/off and charge it while giving you control to advance songs or play list from the buttons on the radio. A great feature so you can keep the iPod hidden away in your glove box or console. The back of the radio also has auxiliary audio input for satellite radio or any portable player you may wish to use. Our kits modify each radio to fit specific vehicles right out of the box. No extra kits/bezels needed!

FEATURES

- AM-FM Stereo • 240 Watts • USB Port for Flash Memory MP3/WMA Playback • Direct 10 CD Changer Control • Alpha Numeric id3 Display for MP3/WMA files • Electronic Tuning and Volume Control • 4 way Fader • Left Right Balance • Digital Clock • 2 Channel RCA Auxiliary Input for Satellite / iPod etc. • 16 Pre-sets (12FM-4AM) • 4 Channel RCA Pre-outs • Separate Bass and Treble • USA/Euro Tuner • Power Antenna Lead

USA 740 RADIOS

The USA-740 offers the same classic look that Custom Autosound has always been known for with today's latest features. Now, with built-in Bluetooth (microphone included), answer calls and get Bluetooth streaming music from your Bluetooth capable phone or Bluetooth compatible device. Classic style with today's sound and performance taking every road and curve with you in your vintage vehicle.

- AM-FM Stereo • 300-watt • Hi 4volt, 4channel RCA Pre-outs and a Subwoofer RCA pre-out for additional amplifiers. • USB input • front mini jack auxiliary audio input • rear RCA auxiliary audio input

Match the dominant color of your instrument cluster with user selectable multiple LCD color choices with LCD dimmer control. The AM/FM RDS tuner shows station, song and artist on the LCD display. For those of us committed to music collections on compact disc, the USA-740 fully controls our optional CD-1 CD player.

Repos has been a manufacturer of reproduction parts since 1991. Like many other companies in this industry it was started in a garage as a hobby and then grew from there. In the late 90's the company started the first line of "authentic" beltline kits, revolutionizing that product line. Since that time we have continued to be the leaders in beltline kits in both quality and quantity of types of kits offered. Also expanding into 12 other classes of parts such as heater seal kits and glovebox liners etc. Repos calling card has been their commitment to the end customers. Offering a rare Lifetime Warranty to the original purchaser of the product, plus the included customer service number for questions regarding purchased parts. All of this adds up to confidence for our dealers when selling a Repos part.

Looking for top quality dependable power windows for your Classic Cars, Classic Trucks, Muscle Cars, Street Rod or Hot Rods? Nu-Relics manufactures direct bolt in gear driven windows for classic cars. The power window conversion kits are truly make and model specific - designed for the regulator to work like the original manual regulator with correct bolt patterns and arm lengths. Installation is easy - unbolt the manual regulator. Reverse the process and bolt in the power regulator in the exact same location.

- Nu-Relics power window kits for classic cars and hot rods provide some great features such as:
- The kits are available with various switch options. Has chrome switches and Nu-Cranks that allows your original crank handle to operate as a power switch.
- Kits include: regulators, motors, completed wire harness, choice of switches, conduit to protect the wires going thru the door. Each product page includes pictures of all the parts included in the kits.
- Works with curved glass
- Regulators are constructed of durable components (treated gear plates, 1018 cold rolled steel, Bronze Oilite® thrust bearings at pivot, etc.)
- Lifetime warranty against manufactures defects on the regulators, motors, and switches purchased from Nu-Relics Power Windows, LLC.

American Autowire

Co-owners Michael Manning and Frank Colonna founded American Autowire in 1983. Back then, it was a two-man operation working from Michael's basement in Laurel Springs, NJ. Now, Michael and Frank are still at the helm along with Jim Cardona, but with over 70 employees and 38,000 square feet of space at the American Autowire manufacturing facility in Bellmawr, NJ. We have become the premier automotive electrical manufacturer for OEM/Restoration, Modified Restoration, and Street Rod/Custom vehicles, currently offering 6 different product lines of wiring harnesses, accessories, and parts that cater to all types of automotive projects.

American Autowire produces a huge selection of wiring harnesses, accessories, kits, and components

24140	68-72	El Camino Add-On Kit	57.95 Kit

What makes the Classic Update Series harness kit better than the competition? The Classic Update Series design philosophy is to build complete "full function" systems and engineer them for easy access, easy installation, and connectivity with common update accessories, all while allowing for future expansion.

Each kit is a completely new design engineered around the specification and physical dimension of your car or truck, as well as the space constraint imposed by many aftermarket accessories vying for the limited space under the dash. These kits are not generic street rod products. Superior design has given the builder complete flexibility to use original stock switches and components as well as Custom Update accessories such as: Dakota Digital instruments, RainGear wiper systems, Vintage Air heat and AC systems, Ididit and Flaming River steering columns, and late model GM tilt steering columns.

The fuse box was chosen for its adaptability in mounting configurations and its ability to handle the increased current loads demanded by power accessories such as power windows, power seats, power door locks, cruise control, etc. It is a proven GM design that incorporates heavy duty circuit bussing. There is no circuit board in this high-power fuse box assembly, as the potential power demands are too high for a circuit board design. It is the attention to detail that removes the engineering exercise from the builder and makes installation much smoother.

Warning: This wiring kit will not support an ampmeter of any form. There are no instructions included on how to wire up an ampmeter.

TECHNICAL SPECIFICATIONS AND FEATURES

- Fuse box incorporates 18 fused circuits and expansion capability for 11 additional power circuits. Fuse box measures 4" x 6" and is molded in resistant nylon 6/6. All necessary mounting hardware is included.
- Fuse link protection on fuse panel power feed.
- Circuit breaker capability on power circuit.
- High heat and abrasion resistant XLPE wire withstands -60°F to 275°F. GM wire color coding system.
- Wire circuit inkjet printed every 3 inches.
- Wire circuit take-off points predetermined

to clear under rdash accessories, allowing pretermination of most circuit branches and plug-in installation of most circuits.

- Standard turn flasher, four-way hazard flasher, and horn relay mounted on fuse panel.
- 8-gauge alternator power lead wire supplied with fuse panel.
- Alternator connector supplied for GM "SI" series internally regulated alternators and "one wire" alternators.
- Original boot and tube assemblies with original light socket connectors included for installation into existing or reproduction taillight housings. Even custom applications require these assemblies for weather protection.
- Terminals and connectors are provided for all dome light and door jamb switches cover two and four door models.
- Front lighting includes headlight connectors, headlight bucket grommets, connections front parking and directional lights.
- Complete wiring for updated GM steering column, turn signals and hazard switch.
- Mating connector and terminals supplied to adapt to original steering column. Ignition switch connectors supplied for GM columns with ignition switch in column.
- Engine wiring for points type and HEI distributors. Power and tachometer connectors supplied for GM HEI distributors.
- Gauge sender leads are provided for fuel, water temperature, oil pressure, voltmeter, and tachometer.
- Power wiring for electric engine fan, fuel pump, windows, door locks, seats, cruise control, and accessory radio included.
- Instrument cluster disconnect built into under dash harness for complete flexibility in gauge cluster section. All original terminals, connectors and light sockets are supplied for original cluster gauge wiring.
- Cluster disconnect also supports any custom gauge configuration.
- Late model GM headlight switch included.
- Floor mounted dimmer included.
- New ignition switch included.
- Fully detailed installation instructions and wiring.
